"Annexure B" to the Independent Auditor's Report of even date on the Ind AS Financial Statements of INTERACT LEASING AND FINANCE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **INTERACT LEASING AND FINANCE LIMITED** ("the Company") as of **31st March, 2018** in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **31st March, 2018**, based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

f) Property, Plant And Equipment

Property, Plant and Equipment are stated at cost, net of accumulated depreciation. The cost comprises purchase price borrowing cost if capitalization criteria are met and directly attributable cost of bringing the assets to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of assets is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing assets, including day to day repaired maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de recognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit & loss when the asset is de recognized.

g) Depreciation on Property, Plant And Equipment

Depreciation on fixed asset is calculated on Straight Line method considering the useful life prescribed under the Schedule II to The Companies Act, 2013.

h) Intangibles

Intangible assets are stated at cost of acquisition net of accumulated amortisation and impairment. The cost comprises purchase price. The cost capitalised are amortised on a straight-line basis over their estimated useful lives as prescribed under the Companies Act, 2013.

Gains or losses arising from de recognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit & loss when the asset is de recognized.

i) Cash flow Statement

Cash flows are reported using the indirect method, whereby, profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with the investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

j) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have passed to the customer, usually on delivery of goods. The Company collects VAT, CST and GST on behalf of the government and therefore, these are no economic benefits flowing to the Company. Hence they are excluded from revenue.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest Income is included under the head "Other Income" in the statement of profit & loss.

k) Income Tax

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted, at the reporting date.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been announced up to the Balance Sheet date. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between the taxable income and accounting income. The effect of tax rate change is considered in the Profit & Loss Account of the respective year of change.

l) Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period.

m) Provisions and Contingent liabilities

A provision is recognized when the Company has a present obligation as a result of past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimate.

Where no reliable estimate can be made, a disclosure is made as a contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Notes to the Financial Statements for the financial year ended 31st March, 2018

n) Cash & Cash equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

A. Optional exemptions availed:

1 Property, Plant and Equipment

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 01st April, 2018, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment. The same election has been made in respect of intangible assets.

B. Mandatory Exceptions:

1 Estimates

As per Ind AS 101, an entity's estimates in accordance with Ind AS at the date of transition to Ind AS at the end of the comparative period presented in the entity's first Ind AS financial statements as the case may be, should be consistent with estimates made for the same date in accordance with the previous GAAP unless there is objective evidence that those estimates were in error. However the estimates should be adjusted to reflect any differences in accounting policies.

As per Ind AS 101, where application of Ind AS requires an entity to make certain estimates that were not required under previous GAAP, those estimates should be made to reflect conditions that existed at the date of transition (for preparing opening Ind AS balance sheet) or at the end of the comparative period (for presenting comparative information as per Ind AS)

The Company's estimates under Ind AS are consistent with the above requirements.

2 Derecognition of financial assets and liabilities:

As per Ind AS 101, an entity should apply the derecognition requirements in Ind AS 101, Financial Instruments, prospectively for transactions occurring on or after the date of transition to Ind AS. However, an entity may apply the derecognition requirements retrospectively from a date chosen by it if the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the derecognition principles of Ind AS 109 prospectively.

3 Non- Controlling Interests

Ind AS 110 requires that total comprehensive income should be attributed to the owners of the parent and the NCI even if this results in the NCI having a negative balance. Ind AS 101 requires this requirement to be applied prospectively from the date of transition to Ind AS. However, if an entity elects to apply Ind AS 103 retrospectively to past business conditions, it has to also apply Ind AS 110 from the same date.

The Company has elected to apply Ind AS 103 prospectively to business combinations.

4 Classifications and Measurement of Financial Assets

Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortized cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

The accompanying Notes 1 to 28 are integral part of these Financial Statements.
