The Company has received necessary declaration from each independent Director u/s 149(7) of the Companies Act, 2013 that he/she meets the criteria of independence laid down in u/s 149(6) of the Companies Act, 2013 and SEBI (Listing Obligation and Disclosure Requirement) Regulation, 2015.

STATUTORY AUDITORS

M/s. Sandesh Jain & Co., Chartered Accountants (Firm Registration No. 008548N), having office at **1C/13, Rajnigandha Building, New Rohtak Road, Karol Bagh, New Delhi-110002**, has been appointed as the Statutory Auditors of the Company for the period of five years from 01/04/2017 to 31/03/2022 in the last AGM of the Company and continued to hold the office.

QUALIFICATION BY STATUTORY AUDITOR

M/s. Sandesh Jain & Co., Statutory Auditor of the Company, provide the Auditors Report for the financial year 2018-2019. The Auditor's Report is enclosed with the financial statements in this Annual Report.

1. The Auditor's Report contains qualified opinion where attention is invited to Note No 11 (B), whereas during the year under review, the Company has entered into agreement with Shakti Bhog Foods Limited (SBFL), in which advances to the tune of Rs. 1202 Lakh has been

made to SBFL and no provisions has been made in this regard as the hon'able High Court of Delhi has appointed the Official Liquidator for winding of SBFL.

FDirector's Reply: Attention is invited of members and Auditors of the company to the resolution passed in AGM held on 28.09.2017 wherein the special resolution was passed under section 186 of the Companies Act, 2013 to grant loan etc upto the limit of Rs. 50 Crore and the same is filed with ROC on 24.10.2017.

As also explained in the note 11B that the company has entered upon advantageous contract with M/s SBFL (Now in Liquidation) and accordingly the advances given and investments made in the company are not bad to be written off from the books of the company. Further, the promoter, are trying their best to revive M/s Shakti Bhog Foods Limited (in Liquidation) and hopeful that its business will restart after settlements of dues to its FI's, Banks and other parties.

2. The Auditor's Report also mentions about delay/default in depositing of TDS and Service Tax with the relevant authority (Point. VII (a), Annexure-A) and the overdue liability of Income tax and service tax outstanding for a period of more than six months (Pont 7 (b), Annexure-A).

Director's Reply: - Since the company was facing financial crunch for the last several years. The losses and struck off of the funds with some debtors, caused the company to enter the settlement with the banker and likely to sale of prime property. Thus the continuous stress on the funds of the company has resulted in delay in payment of statutory dues.

SECRETARIAL AUDITOR

Pursuant to provisions of section 204 of the Companies Act, 2013 and The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the company has appointed M/s R.P. Aggarwal & Company, Company Secretaries for the financial year 2018-19 to undertake the Secretarial Audit of the Company.

QUALIFICATION BY SECRETARIAL AUDITOR

M/s. R. P. Agrawal & Associates, Secretarial Auditor of the Company, provide their Report for the financial year 2018-2019. The observations of the Secretarial Auditors are self explanatory and need no further comments from the Directors.

As required under section 204 (1) of the Companies Act, 2013 the Company has obtained a Secretarial Audit Report that contain some qualification, reservation or adverse remark, replied herein above. The Secretarial Audit report is annexed herewith as **"Annexure B**".

PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

Loans, Guarantees and Investments u/s 186 of the Companies Act, 2013 form part of the notes to the financial statements provided in this Annual Report.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

<u>Overview</u>

The core business of our company is manufacturing/ grinding of Chana Dal/ besan and Atta. The manufacturing unit is at Siraspur (Delhi). The company is utilizing capacity at reasonable level and making maximum utilization of available resources. The Company was supplying entire production to renowned Company earlier, markets the products produced by our company till recently, which owns a prominent place in the FMCG Sector. The Brand is a familiar household BRAND name that spells quality and trust across millions worldwide. Its leadership in India in the Branded Food Segment is driven by its availability, quality and consumer awareness.

Industry Structure and Developments

With the presence of 12.2% of the world population in the villages of India, the Indian rural FMCG market is something no one can overlook. Increased focus on farm sector will boost rural incomes, hence providing better growth prospects to the FMCG companies. Better infrastructure facilities will improve their supply chain. FMCG sector is also likely to benefit from growing demand in the market. Because of the low per capita consumption for almost all the products in the country, FMCG companies have immense possibilities for growth. And if the companies are able to change the mindset of the consumers, i.e. if they are able to take the consumers to branded products and offer new generation products, they would be able to generate higher growth in the near future. It is expected that the rural income will rise in 2007, boosting purchasing power in the countryside. The Company is expected to grow at good pace.

Opportunities and Threats

The continued growth of the economy, increasing disposable income, rapid urbanization and rising aspiration offers an immense opportunity for the healthy growth of the business. In order to capture this growth efforts are being made through innovation in marketing, expanding the distribution footprint and working on new product development. Some of the threats faced by the business are uncertain economic conditions and uncertainty in the price of raw materials.

Internal Control Systems and their adequacy

The Company's internal control systems are commensurate with the nature of its business and the size and complexities of its operations. These systems are designed to ensure that all assets of the Company are safeguarded and protected against any loss and that all transactions are properly authorized, recorded and reported.

Outlook, risks and concerns

The continued efforts to develop the business should stand it in good stead. However the economic conditions prevailing within the country have a significant role to play in the actual performance.

Human Resources

It is your Company belief that people are at the heart of Corporate purpose and constitute the primary source of sustainable competitive advantage. Particularly in the Securities Market, your Company gives significant importance to its human capital and is dedicated for continuous enhancement of their skills and knowledge by way of training and supervision. Your Company's belief in trust, transparency and teamwork improved employee productivity at all levels.

Disclosures

During the year the Company has not entered into any transaction of material nature with its promoters, the directors or the management, their subsidiaries or relatives etc that may have potential conflict with the interest of the Company at large.

All details of transaction covered under related party transaction are given in the notes to account.

Cautionary Statement

Statement in this Management Discussion and Analysis describing the Company's objective, projects, estimates and expectations may be forward looking statement within the meaning of applicable laws and regulations. Actual results may be vary significantly from the forward looking statements contained in this document due to various risks and uncertainties. Several factors could make a significant difference to the Company's operations.

These include economic conditions, Government regulations and Tax Laws, Political situation, natural calamities etc. over which the Company does not have any direct control.

Independent Auditor's Report

To the Members of Kumar Food Industries Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **Kumar Food Industries Limited**('the Company'), which comprise the Balance Sheet as at 31stMarch 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone Ind AS financial statements").

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013('the Act') with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards('Ind AS') specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of theAct for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under theprovisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the audit or consider internal financial controls relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS specified under Section 133 of the Act, of the financial position of the Company as at 31stMarch 2019, and its loss including other comprehensive income, its cash flows and statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

Attention is invited to Note No 11(B), whereas during the year under review, the Company has entered upon an agreement with Shakti Bhog Foods Ltd ('SBFL') and granted an advance to the tune of Rs 1202 Lakh (previous year Rs 1350 Lakh) a Company for which no provisions has been made in this regard, as the Hon'able High court of Delhi has appointed the Official Liquidator for winding of SBFL. Our opinion on this point is qualified.

Attention is also invited to Note No. 38(B), whereby the statutory dues relating to WCT under the Haryana Vat Act and related statutory dues amounting Rs 5506200/- have been written back as income during the year, in view of the sale of properties and as in the opinion of the management, the same needs to be paid by the buyers of the properties sold in earlier years. Had this amount is not written back, the profit of the company would have been lower by the aforesaid amount. Our opinion on this point is qualified.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2016('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure-A", a statement on the matters specified in paragraphs 3 and 40f the Order.
- 2. As required by Section 143(3) of the Act, we report that:

- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) the balance sheet, the statement of profit and loss, the statement of cash flow and the statement of changes in equity dealt with by this report are in agreement with the books of accounts;
- d) in our opinion, the aforesaid standalone Ind AS financial statements comply with Accounting Standards specified under Section 133 of the Act read with the relevant rule issued there under;
- e) on the basis of the written representations received from the directors as on 31st March 2019and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section164(2) of the Act;
- f) with respect to the adequacy of internal financial controls over financial reporting of the Company and operating effectiveness of such controls, refer to our separate report on "Annexure B" and;
- g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact of pending litigations if any, on its financial position in its standalone Ind-AS financial statements.
 - ii. the Company has made provision, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;

Annexure B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Kumar Food Industries Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial controls and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence as obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect

the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in general in all material respects, adequate internal financial controls over financial reporting with references to these standalone financial statements and such internal financial control system over financial reporting with reference to these standalone financial statements were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

<u>NOTE - 5</u>

1. Nature of principal activities

Kumar Food Industries Limited ("The Company") is engaged in the manufacturing/ Grinding of Gram Pulses, Besan and trading of Wheat Flour (Atta). The company was incorporated on 13th of March, 1991. The company is having its manufacturing facility in Delhi and selling its products directly to customers as well as to its Associate Concern under the same management. The Company is listed under Metropolitan Stock Exchange of India.

2. General information and statement of compliance with Ind AS

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as notified under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules 2015 (by Ministry of Corporate Affairs ('MCA')). The Company has uniformly applied the accounting policies during the periods presented.

For all periods up to and including the year ended 31 March 2017, the Company has prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP). These financial statements for the year ended 31March 2019 are the second year for which the Company has prepared in accordance with Ind AS (see note 41 for explanation for transition to Ind AS). For the purpose of comparatives, standalone financial statements for the year ended 31March 2018 are also prepared under Ind AS. The standalone financial statements are presented in Indian rupees ('INR').

3. Basis of accounting

The financial statements have been prepared on going concern basis under the historical cost basis except certain financial assets and financial liabilities which are measured at fair value.

4. Standards issued but not yet effective and have not been adopted early by the Company

Information on new standards, amendments and interpretations that are expected to be relevant to the financial statements is provided below.

Ind AS 115 'Revenue from Contracts with Customers' (Ind AS 115)

The new standardon revenue recognition overhauls the existing revenue recognition standards and will replace Ind AS 18 – Revenue and Ind AS 11 – Construction contracts. The new standard provides a control-based revenue recognition model and provides a five steps application principle to be followed for revenue recognition: i. Identification of the contracts with the customer

ii. Identification of the performance obligations in the contract

iii. Determination of the transaction price

- iv. Allocation of transaction price to the performance obligations in the contract (as identified in step ii)
- v. Recognition of revenue when the Company satisfies a performance obligation.

Appendix B to Ind AS 21, foreign currency transaction and advance consideration:-

On March 28, 2018 Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21 Foreign Currency Transaction and Advance Consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related assets, expense or income, when an entity has received or paid advance consideration in a foreign currency. This amendment will come into force from April 1, 2018.

5. Summary of significant accounting policies

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These were used throughout all periods presented in the financial statements, except where the Company has applied certain accounting policies and exemptions upon transition to Ind AS.

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

5.1 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An **asset** is classified as current when it is:

- Expected to be realised or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or

• Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or

• There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

5.2 Foreign currency

Functional and presentation currency

The financial statements are presented in Indian Rupee ('INR').

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items are converted tofunctional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

5.3 Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Company and it can be reliably measured. Revenue is measured at the fair value of the consideration received/receivable net of rebate and taxes. The Company applies the revenue recognition criteria to each separately identifiable component of the sales transaction as set out below.

Sale of goods

Sale is recognized when the significant risks and rewards of ownership of the goods have passed to the customer. Sales are recorded net of sales returns, sales tax, rebates, trade discounts and price differences.

Income from services

Revenue from milk processing and other services, if any, are recognized as and when services are rendered and are accounted on an accrual basis.

Interest income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

Export benefits

Exports benefits are recognized on accrual basis in the statement of profit and loss when the reasonable right to receive the same is established.

5.4 Borrowing costs

Borrowing costs that are attributable to the acquisition, construction of qualifying assets till the time such assets are ready for the intended use, are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are expensed off in the period in which these are incurred.

5.5 Property, plant and equipment (PPE)

Recognition and initial measurement

Properties plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided to the extent of depreciable amount on the Straight Line Method (SLM). Pursuant to the requirement of the Companies Act, 2013 (the Act), the company has revised the depreciation rates based on useful life of the assets as prescribed in Schedule II of the Companies Act, 2013.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in statement of profit and loss when the asset is derecognised.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1stApril, 2016 measured as per the provisions of Previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

5.6 Intangible assets

Recognition and initial measurement

Acquired computer software are capitalized at cost of acquisition (Including License fees paid), net of accumulated amortization and accumulated impairment losses if any and are disclosed as intangible assets.

Other intangible assets (copyrights) are shown at cost of acquisition net of accumulated amortisation and accumulated impairment loss if any.

Subsequent measurement (amortisation)

Intangible assets are amortised on written down value over the useful life of the asset up to a maximum of five years commencing from the month when the asset is first put to use. The Company provides pro-rata depreciation from the daythe asset is put to use and for any asset sold, till the date of sale.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its intangible assets recognised as at 1April 2016 measured as per the provisions of Previous GAAP and use that carrying value as the deemed cost of intangible assets.

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

5.7 Government grant

Government grants are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognized as income over the life of a depreciable asset by way of a reduced depreciation charge. Other government grants are recognized as income over the periods necessary to match them with the costs for which are intended to compensate on a systematic basis.

5.8 Operating leases

Company is lessee

Assets acquired on leases where a significant portion of risk and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on straight line basis except where scheduled increase in rent compensate the lessor for expected inflationary costs.

5.9 Impairment of non-financial assets

At each reporting date, the Companyassesses whether there is any indication that an asset may be impaired, based on internal or external factors. If any such indication exists, the recoverable amount of the asset or the cash generating unit is estimated. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

5.10Financial instruments

Recognition, initial measurement and de-recognition

Financial assets and financial liabilities are recognised and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognized when it is extinguished, discharged, cancelled or expired.

Classification and subsequent measurement of financial assets

For the purpose of subsequent measurement, financial assets are classified into the following categories upon initial recognition:

- Amortised cost
- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at fair value through other comprehensive income (FVOCI)

All financial assets except for those at FVTPL are subject to review for impairment at least at each reporting date.

Amortised cost

A financial asset shall be measured at amortised cost using effective interest rates if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

The Company's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

Financial assets at FVTPL

Financial assets at FVTPL include financial assets that either do not meet the criteria for amortised cost classification or are equity instruments held for trading or that meet certain conditions and are designated at FVTPL upon initial recognition. All derivative financial instruments also fall into this category. Assets in this category are measured at fair value with gains or losses recognized in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Financial assets at FVOCI

FVOCI financial assets are either debt instruments that are managed under hold to collect and sell business model or are non-trading equity instruments that are designated to this category.

FVOCI financial assets are measured at fair value. Gains and losses are recognized in other comprehensive income, except for interest and dividend income, impairment losses and foreign exchange differences on monetary assets, which are recognized in statement of profit or loss.

Classification and subsequent measurement of financial liabilities

Financial liabilities are measured subsequently at amortized cost using the effective interest method, except for financial liabilities held for trading or designated at FVTPL, that are carried subsequently at fair value with gains or losses recognized in profit or loss. All derivative financial instruments are accounted for at FVTPL.

Financial guarantee contracts

Financial guarantee contracts are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified party fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of expected loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

Derivative contracts

A derivative forward contract is recognised as an asset or a liability on the commitment date. Outstanding forward derivative contracts as at reporting date are fair valued restated using the mark to market information and resultant gain/(loss) is recognised accounted in statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.11 Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider -

• All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

• Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Company applies approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

5.12Inventories

Raw Material, components, stores and spares are valued at lower of cost and net realisable value.

Work-in-progress and finished goods are valued at lower of cost and net realisable value. Cost includes direct materials, labour and related production overheads in the ordinary course of business. Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale.

5.13 Income taxes

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted for the reporting period. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred income taxes are calculated using the liability method. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

5.14 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments (original maturity less than 3 months) that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

5.15 Post-employment, long-term and short-term employee benefits

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

Short-term employee benefits:

Short-term employee benefits such as salaries, wages, bonus etc. are recognized as an expense at the undiscounted amount in the statement of profit and loss for the year in which employee renders the related service.

Post-employment benefits

Defined contribution plans:

Company's contribution to Employees' Provident Fund Scheme, Employees' State Insurance Contribution Scheme and Staff welfare fund are charged to the revenue of the year when the contribution to the respective fund is due.

Defined benefit plans:

The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. Actuarial gains and losses arising on such valuation are recognized immediately in the statement of profit and loss.

Other defined plans:

Benefits under the Company's leave encashment constitute other long-term employee benefits. The liability in respect of vacation pay is provided on the basis of an actuarial valuation done by an independent actuary at the year end. Actuarial gains and losses are recognized immediately in the statement of profit and loss. Termination benefits are recognized as an expense in the year in which they are incurred.

5.16 Provisions, contingent liabilities and contingent assets

Provisions and contingent liabilities:

A Provision is recognised when the Company has present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are discounted to their present value, where the time value of money is material.

When some or all of the economic benefits required to settle, a provision is expected to be recovered from a third party, the receivable is recognised as a separate asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognised because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to Financial Statements.

In cases where the possible outflow of economic resources as a result of present obligation is considered improbable or remote, no Provision is recognised or disclosure is made

Contingent assets:

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognised though are disclosed, where an inflow of economic benefits is probable.

5.17 Significant judgement and estimates in applying accounting policies

Summary of significant accounting policies and other explanatory information for the year ended 31March 2019

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures.

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements:

Recognition of deferred tax assets—The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

Recoverability of advances/receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Classification of Leases– The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

Defined benefit obligation (DBO)–Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

Fair value measurements-The Company applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with the market participants to price the instrument. The Company's assumptions are based on observable data as far as possible, otherwise on the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Inventories – The Company estimates the cost of inventories taking into account the most reliable evidence, such as cost of materials and overheads considered attributable to the production of such inventories including actual cost of production, etc. Management also estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

Provision and contingencies – The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

Useful lives of depreciable/amortisable assets –Management reviews its estimate of the useful lives of depreciable/ amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

Capital management (a) Risk management

The Company's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio.

The Company's risk management is carried out by a central treasury department (of the group) under policies approved by the board of directors. The board of directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

A Credit risk

Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortised cost and deposits with banks and financial institutions. Credit risk management

The finance function of the Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets. A: Secured, negligible

B: Partly secured

C: Unsecured

D: Doubtful

D: Doubtful	Trade receivables	-	-	-

The risk parameters are same for all financial assets for all period presented. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

B Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is insignificant.

Fair value measurements

(i) Fair value hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Financial instruments measured at amortised cost

- The carrying amounts of Trade receivables, Trade payables, capital creditors and cash and cash equivalents are considered to be The same as their fair values, due to their short-term nature.

- The fair value of security deposits were calculated based on cash flows discounted using current lending rate which is not materially different from the rates at which they were initially measured. Therefore the carrying value is considered to be fair value of the security deposits.

- The fair value of non-current borrowings are based on discounted cash flows using current borrowing rate which is not materially different from the rates at which they were initially measured. Therefore the carrying value is considered to be fair value of the non-current borrowings.

(iii) Valuation process and technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- (a) The use of quoted market prices or dealer quotes for similar instruments
- (b) The fair value of the remaining financial instruments is determined based on adjusted net assets method.
- Risk adjustments specific to the counterparties (including assumptions about credit default rates) are derived from credit risk grading determined by the Company's internal credit risk management group.

All of the resulting fair value estimates are included in level 2.

First time adoption of Ind AS

FY 2018 are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 1 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the Company's date of transition). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial performance and cash flows is set out in the following tables and notes.

A Ind AS optional exemptions

1 Deemed cost for property, plant and equipment and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 *Intangible Assets*. Accordingly, the Company has elected to measure all of its property, plant and equipment, intangible assets and investment property at their previous GAAP carrying value.

2 Leases

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected to be not material.

The Company has elected to apply this exemption for such contracts/arrangements.

3 Investment in subsidiary

Ind AS 101 permits a first-time adopter to choose the previous GAAP carrying amount at the entity's date of transition to Ind AS to measure the investment in the subsidiary as the deemed cost. Accordingly, the Company has opted to measure its investment in subsidiary at deemed cost i.e., previous GAAP carrying amount.

B Ind AS mandatory exemptions

1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- a) Investment in equity instruments carried at FVTPL or FVOCI
- b) Impairment of financial assets based on expected credit loss model.

2 Classification and measurement of financial assets and liabilities

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess elements of modified time value of money i.e. the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

Applying a requirement is impracticable when the entity cannot apply it after making every reasonable effort to do so. It is impracticable to apply the changes retrospectively if:

Notes to the Standalone Financials Statements for the year ended 31 March 2019

a) The effects of the retrospective application or retrospective restatement are not determinable;

b) The retrospective application or restatement requires assumptions about what management's intent would have been in that period;

The retrospective application or retrospective restatement requires significant estimates of amounts and it is impossible to distinguish objectively information about those estimates that existed at that time.

3 De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

C Notes to first time adoption

1 Deferred tax

Previous GAAP required deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under previous GAAP. In addition, the various transitional adjustments lead to temporary differences. According to the accounting policies, the Company has to account for such differences. Deferred tax adjustments are recognised in correlation to the underlying transaction either in retained earnings or a separate component of equity.

2 Other comprehensive income

Both under previous GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised to retained earnings through OCI. Thus, remeasurements gains of Rs. 14,74,755.00 has been reduced from the net profit of the FY 2016-17 and has been recognised in OCI at Rs. 14,74,755.00. This has no resulting impact on equity.

3 MAT reclassification

Ind AS 12 requires classification of MAT credit as Deferred tax asset. Accordingly, the Company has reclassified MAT credit amounting to Rs 2,052.00 as Deferred tax asset as at the transition date. This has no resulting impact on equity or net profit.

4 Reclassifications

The Company has reclassified certain items of assets and liabilities to comply with the requirements of Ind AS. This has no resulting impact on equity and net profit.

5 Cash flows

The transition from previous GAAP to Ind AS has not made a material impact on the statement of cash flows.

D Note – I

i) Borrowings

A Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method.

Under the previous GAAP, the Company had recognised the processing fee paid on working capital loans over the period facility and the amount of processing charges related to unexpired period is transferred to pre-paid. Therefore, there will no impact on the total equity.

ii) Amortised cost instrument

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent. However, the Company has given security which are expired within one year except the security given to electricity department. Consequent to this, there is no change in the total equity.

iii) Retained earnings

Retained earnings as at 1 April 2016 has been adjusted consequent to the above Ind AS transition adjustments.

iv) Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Note - 42

A The Company does not have revenue transactions with a single external customer amounting to 10 percent or more of Company's reported revenues.
