

Department: Market Operations	Segment: Equity Derivatives
Circular No: MSE/TRD/17111/2025	Date: April 30, 2025

<u>Subject: Consolidated Circular – Equity Derivatives</u>

To All Members,

This is with reference SEBI Circular no. SEBI/HO/MRD/POD 3/CIR/P/2023/58 dated April 20, 2023. In terms of the provisions of the Rules, Byelaws and Regulations, Exchange is hereby issuing the consolidated circular which provides a single document to refer to the regulations, policies and operational functionalities to be followed for trading in the Equity Derivatives Segment.

This circular highlights all important aspects relating to Trading and Surveillance in the F&O segment and consists of the following two parts.

Part 1: Consolidated requirements related to trading in F&O segment

Part 2: List of securities available for trading

For any clarifications, contact Customer Service on 022-61129010 or send email to <a href="mailto:customerservice@msei.in">customerservice@msei.in</a>.

For and on behalf of Metropolitan Stock Exchange of India Limited

Aniruddh Shukla Sr. Manager, MOPS

# PART 1: DETAILED CONSOLIDATED CIRCULAR INDEX

#### ITEM 1

## **Product Description**

- 1.1 Stock Futures
- 1.2 Stock Option
- 1.3 Index
- 1.4 Strike Price / Strike Price Interval

#### ITEM 2

## TRADING HOLIDAYS AND TRADING HOURS

- 2.1 **Trading Holidays**
- 2.2 <u>Trading Hours</u>
- 2.3 Contingency Drill/Mock Trading Schedule

#### ITEM 3

## **MARKET PARAMETERS & RISK CONTROL**

- 3.1 Order type/Account Type/Order Validity
- 3.2 Order placement
- 3.3 Permitted lot size
- 3.4 Tick size for contracts
- 3.5 Minimum Unit of Trading
- 3.6 **Quotation/Price Quote**
- 3.7 Maximum Single Transaction Limits
- 3.8 <u>Index Circuit Breaker</u>
- 3.9 <u>Institutional Order facility</u>
- 3.10 Turnover Limits

3.11	Option Type
3.12	Computation Of Closing Price
3.13	Base Price
3.14	<u>Trade Modification</u>
3.15	Corporate Action
3.16	Strike Price/ Introduction Of New Contracts At New Strike Price/Strike Price Intervals For Stock Options
3.17	<u>Final Settlement For Futures And Option Contracts</u>
3.18	Revision Of Market Lot Of Futures And Options Contracts
COMP	LIANCE

## ITEM 9

#### SYSTEM

- 9.1 Extranet Facility For Member
- 9.2 **Broadcast Interface document To Members**

PART 2- List of securities available for trading as on issue date of circular

## ITEM 1

## **Product Description**

## 1.1 Stock Futures

	oduct Description for Stock Future	
Symbol	As per Part 2	
Instrument Type	FUTSTK	
Unit of Trading/ Market Lot	1 (1 unit denotes specific number of shares as mentioned in Part 2)	
Underlying	Underlying Stock as per Part 2	
Quotation/Price Quote	Price in INR (Rs.)	
Tick size	INR (Rs.) 0.05	
Contract trading cycle	Three contracts of maturity of one-month, two-months and three-months would be introduced simultaneously. For weekly contracts 5 serial weekly contracts expiring on Thursday excluding expiry week wherein monthly contracts expires.	
	Monday to Friday	
Trading hours	9:15 a.m. to 3:30 p.m.	
Expiry/ Last trading day	Monthly - Last Thursday of the expiry month. If the last Thursday is a trading holiday, then the expiry day will be the previous trading day.  Weekly — 5 weekly expiry contracts excluding the expiry week of monthly contract. A new serial weekly options contract shall be introduced after expiry of the respective weeks contract. If any expiry day is a trading holiday/ shut period, then the expiry/ last trading day shall be the previous trading day.	
Operating Range/ Price Band	Operating range of 10% of the base price	

## 1.2 Stock Option

Product description for Stock Options		
Symbol	As per Part 2	
Instrument Type	OPTSTK	
Unit of Trading/ Market Lot	1 (1 unit denotes specific number of shares as mentioned in Part 2)	
Underlying	Underlying Stock as per Part 2	
Type of Option	Premium styled European Call (CE) and Put Options (PE)	
Quotation/Price Quote	Premium quoted in INR	
Tick size	INR (Rs) 0.05	
Strike Price	Point Annexure – 1.4 below	
Strike Price Interval		
Contract trading cycle	Monthly - 3 serial monthly expiry contracts and Weekly - 5 serial weekly expiry contracts	
The Proceedings of	Monday to Friday	
Trading hours	9:15 a.m. to 3:30 p.m.	
Expiry/ Last trading day	Monthly - Last Thursday of the expiry month. If the last Thursday is a trading holiday, then the expiry day will be the previous trading day Weekly – 5 weekly expiry contracts excluding the expiry week or monthly contract. New serial weekly options contract shall be introduced after expiry of the respective weeks contract. If any expiry day is a trading holiday/ shut period, then the expiry/ last trading day shall be the previous trading day.

# ITEM 3 MARKET PARAMETERS

## The market parameters are as follows:

## 3.1 Order type/Account Type/Order Validity

Members are permitted to enter Regular Lot (RL) orders and stop loss (SL) orders type. Based on price conditions, RL and SL orders can be placed as limit orders or market orders:

- a) Limit Price Order An order that allows the price to be specified while placing the order into the system.
- b) Market Price Order with protection percentage (MPP) An order to buy or sell securities at the best available price at the time of placing the order with market protection. If no protection is defined at the time of order entry, the Market order will be placed with the default protection as defined by Exchange from time to time. The lower of member or Exchange defined MPP shall be applicable.

#### **Order Validity:**

- **Day Order** A Day order is valid for the day on which it is entered. If the order is not matched during the day, it will get cancelled automatically.
- Immediate or Cancel (IOC) An Immediate or Cancel (IOC) order allows a Trading Member to buy or sell a security as soon as the order is released into the market, failing which the order will be removed from the market. Partial match is possible for the order, and the unmatched portion of the order is cancelled immediately.
- End Of Session (EOS) An EOS order is valid for the Session in which it is entered. If the order is not matched during the session, it will get cancelled automatically.

## **Account Types:**

Members can place order for following account type in the order entry:

- **Proprietary order (OWN):** An order with account type "OWN" is considered as proprietary order.
- **Client order:** An order with account type "CLI" and client code is considered as a client order.
- **Institutional Order:** Any order with account type "INST" with CP code is considered as Institutional order.

## 3.2 Order placement

Members shall place orders in terms of the number of market lots. At the time of placing the order in TWS, the order quantity should be in lots. The order window will also display the number of shares / units (i.e. no. of lots x lot size) just below the quantity field at the time of placing order based on preference selected by the user.

## 3.3 Permitted lot size

A derivative contract shall have a value of not less than Rs. 5 lakhs at the time of its introduction in the market. The permitted lot size for futures and options contracts shall be such a lot size as may be stipulated by the Exchange from time to time.

#### 3.4 Tick size for contracts

Tick Size in respect of all contracts available for trading on the derivative segment of the Exchange shall be Rs. 0.05 or as may be stipulated by Exchange from time to time.

## 3.5 Minimum Unit of Trading

In the Futures and Options segment Minimum unit of trading is 1 lot and the current lot size for different underlying is provided as per Part 2. The lot size will be revised by the Exchange from time to time.

## 3.6 Quotation/Price Quote

Price quote in the TWS is price for one share/unit. However, the quantity field in Order Book, Trade Book, Market Watch, Market Picture, Net Position etc. will be displayed in lots.

## 3.7 Maximum Single Transaction Limits

#### a) Maximum Single Transaction Value (MSTV) at securities level:

SEBI vide its circular no. CIR/MRD/DP/34/2012 dated December 13, 2012, has notified on the Value/Quantity Limit per order. As per the circular in Stock Futures, any order with value exceeding 10 crores per order shall not be accepted for execution in the normal market.

## b) Maximum Single Transaction Quantity (MSTQ)/Value (MSTV) at Member level:

The Exchange may consider applying lower Maximum Single Transaction Limit (MSTQ/MSTV) as per its risk control/ management measures at member level. Such limits will be communicated to the members separately from time to time.

## c) Maximum Single Transaction Quantity (MSTQ) / Value (MSTV) at User level:

In accordance with SEBI circular no. CIR/MRD/DP/34/2012 dated December 13, 2012, on Order–level checks, Exchange has provided facility for members to define MSTQ/MSTV at user level in Member Admin Terminal subject to overall limit at member level. Members are required to ensure that appropriate value and / or quantity are set based on the respective risk profile for each of its user id.

## 3.8 Index Circuit Breaker

As per the SEBI circular no. SMDRPD/Policy/Cir-37/2001 dated June 28, 2001 and CIR/MRD/ DP/25/2013 dated September 03, 2013 regarding Index based market wide circuit breaker in compulsory rolling settlement, SEBI has provided guidelines for market wide circuit breaker system, which will apply at three stages of the index movement either way at 10%, 15% and 20%. These circuit breakers will bring about a coordinated trading halt in all Capital Market and Futures and Options market nationwide.

The market wide circuit breaker would be triggered based on the movement of Index for the time period as specified in the afore-said SEBI circular.

The market wide circuit breaker would be triggered based on the movement of BSE Sensex/ NSE Nifty 50 / MSE SX40 whichever is breached earlier.

All outstanding orders at the time of market halt, due to breach of index based market-wide circuit filter, shall be cancelled.

Trigger Limit	Trigger Time	Market Halt duration	Pre Open Call auction Session post each halt
	Before 1:00 pm.	45 Minutes	15 Minutes
10%	At or after 1:00 pm up to 2.30 pm	15 Minutes	15 Minutes
	At or after 2.30 pm	No halt	Not applicable
	Before 1 pm	1 hour 45 minutes	15 Minutes
15%	At or after 1:00 pm before 2:00 pm	45 Minutes	15 Minutes
	On or after 2:00 pm	Remainder of the day	Not applicable
20%	Any time during market hours	Remainder of the day	Not applicable

## 3.9 Institutional Order facility

As a part of risk control/ management measures, the privilege to place INST order has been restricted only to the designated terminal of the members. In case the member needs the said privilege on additional terminals, they will have to send the request in the format as detailed in Item 6 (c) below.

#### 3.10 Turnover Limits

Members have the facility to set the turnover limits for its users from Member Admin Terminal (MAT). The turnover limits for futures and options are required to be set separately for both buy and sell. The turnover limit will be calculated after considering all the trades and the orders pending. For Option buy and sell turnover limits, notional turnover is considered.

## 3.11 Option Type

The Exchange is introducing European style CE/PE (CE = Call European; PE = Put European) option contracts, which means an option contract cannot be exercised during the validity of the contract period and is automatically exercised and settled on the expiration day, subject to conditions as may be stipulated by the Exchange from time to time.

## 3.12 Computation of Closing Price

The Close price for the futures and options contract shall be computed on the basis of weighted average price of all trades executed during the last 30 minutes of a continuous trading session. Closing price is calculated only for securities/contracts traded for the day. In case if there is no trade recorded during the last 30 minutes, then the last traded price of the contract is taken as the closing price. However on days when the contracts were not traded, then the previous day's settlement price will be considered as the close price.

#### 3.13 Base Price

**Futures Contracts**: The base price for the futures contract, on the day of introduction of the new contract, shall be theoretical futures price calculated based on the price of the underlying security.

The theoretical price of a futures contract shall be computed as per the following formula:

F = S \*e^**rt** 

where:

F = theoretical futures price

S = value of the underlying index/individual security r = rate of interest

t = time to expiration

Rate of interest may be the relevant interest rate or such other rate as may be specified.

**Options Contracts**: Base price of the options contracts on introduction of new contracts shall be the theoretical value of the options contract arrived at, based on Black-Scholes model of calculation of options premium, input price of underlying security will be taken.

The base price of the options contracts on subsequent trading days shall be the daily close price of the options contracts. The base price of the options contracts which were not traded in the last half an hour or not traded at all during the day shall be the theoretical price of such contracts arrived using Black-Scholes model.

## Calculation of theoretical base price of contracts as per Black –Scholes model

The base price for a call option shall be computed as follows:  $C = S * N (d1) - X * e ^ (-rt) * N (d2)$ 

and the base price for a put option shall be computed as follows:  $P = X * e ^ (-rt) * N (-d2) - S * N (-d1)$ Where:

$$d1 = \ln (S / X) + (r + s^2 / 2) * t$$

$$s * V t$$

$$d2 = \ln (S / X) + (r - s^2 / 2) * t$$

$$s * V t$$

$$= d1 - s * V t$$

and

C = price of a call option P = price of a put option

S = price of the underlying asset X = Strike price of the option

r = rate of interest (Rate of interest shall be the relevant interest rate for the day) t = time expiration.

s = volatility (Volatility shall be the higher of the underlying volatility or the near month futures contact volatility on the relevant day.)

N represents a standard normal distribution with mean = 0 and standard deviation = 1, and In represents the natural logarithm of a number. Natural logarithms are based on the constant e (2.71828182845904).

#### 3.14 Trade Modification

Trades can be modified with respect to client code only till the end of trade modification time of the day.

The below are the salient features of trade modification facility:

- Trading member shall be able to modify client code and PAN (Permanent Account Number) in respect of client orders only on the trade date. Proprietary trades are not allowed to be modified to client trades and vice-versa. Trade modifications of a client code can be at the order level, hence all trades in respect of that order shall be modified with the client code provided against the order.
- Type of trades and the eligibility criteria for trade modification is summarized as below.

Sr.No.	Description	Action	Remarks
1	Modify Trade from PRO to CLI	Not Permitted	

2	Modify Trade from CLI to PRO	Not Permitted	
3	Modify CP code for all trades of an order	Not Permitted on trading system	Respective clearing corporation shall inform the process
4	Modify CP code for a few trades of an order	Not Permitted on trading system	Respective clearing corporation shall inform the process
5	Modify client code for all trades of an order	Allowed	* Subject to Exchange penalty structure for the modifications.

## 3.15 Corporate Action

Corporate actions comprises of dividend, bonus, rights shares, and issue of shares as a result of stock split, stock consolidations, and schemes of mergers/de-mergers, spin-offs, amalgamations, capital restructuring and such other privileges or events of a similar nature announced by the issuer of the underlying securities that will lead to adjustments in the futures and options contracts of the underlying stock involved in the corporate action.

The Exchange may make such modifications as may be deemed necessary including modifications in the open interest and/or contract specifications in accordance with the rules, byelaws and regulations of the Exchange and as specified by SEBI from time to time.

Adjustment for corporate actions shall be carried out on the last day on which a security is traded on the cum basis in the underlying Capital market segment. Adjustments shall mean modifications to positions and/or contract specifications as below:

**Strike price:** The new strike price will be derived by dividing the old strike price by the adjustment factor as under.

**Market Lot / Multiplier:** The new market lot/multiplier will be derived by multiplying the old market lot by the adjustment factor.

Adjustment Factor is derived as below:

**Bonus:** 

Ratio A: B Adjustment factor: (A+B)/B

**Stock Splits and Consolidations:** 

Ratio A: B Adjustment factor: A/B

## **Right Issue:**

Ratio A: B and Issue price of rights is S. Adjustment factor: (P-E)/PWhere P = Spot price on last cum date E =  $(P-S) \times A / (A+B)$ 

#### Dividend:

Dividends which are below 2% of the market value of the underlying stock would be deemed to be ordinary dividends and no adjustment in the strike price would be made for ordinary dividends. For extra-ordinary dividends, above 2% of the market value of the underlying stock, the strike price and base price of the contracts would be adjusted. Prescribed under the provisions of SEBI circular SEBI/HO/MRD2/MRD2\_DCAP/P/CIR/2022/90 dated June 28, 2022.

For any corporate action, the revised options strike/futures base prices on account of adjustment would appear in decimal places and shall be rounded off to the nearest tick size and the lot size shall be rounded off to the nearest integer.

Sr. No.	Subject	Reference Circular No	Date
1	Review of Adjustment of corporate Actions for stock options	MSE/TRD/6535/2018	July 09, 2018
2	Adjustment in derivative contracts for dividend announcements	MSE/TRD/11998/2022	June 29, 2022

## Mergers:

Pursuant to the decision of the Sub-Committee of SEBI Advisory Committee on Derivatives, the following adjustments shall be made for the Options and Futures contracts on an underlying in case of its merger with any other company.

- 1. On the announcement of the record date for the merger, the exact date of expiration (Last Cum-date) of the contracts would be informed to the members.
- 2. After the announcement of the Record Date, no fresh contracts on Futures and Options would be introduced on the underlying, that will cease to exist subsequent to the merger.
- 3. Un-expired contracts outstanding as on the last cum-date would be compulsorily settled at the settlement price. The settlement price shall be the closing price of the underlying on the last cum-date.

## Demerger:

All the following conditions shall be met in the case of shares of a company undergoing restructuring through any means for eligibility to re-introduce derivative contracts on that company he case may be) stock (herein referred to as post restructured company) in the underlying market,

- **a.** the futures and options contracts on the stock of the original (pre-restructure) company were traded on any Exchange prior to its restructuring;
- **b.** the pre-restructured company had a market capitalization of at least Rs.1000 crores prior to its restructuring;
- **c.** the post restructured company would be treated like a new stock and if it is, in the opinion of the Exchange, likely to be at least one-third the size of the pre restructuring company in terms of revenues, or assets, or (where appropriate) analyst valuations; and
- **d.** in the opinion of the Exchange, the scheme of restructuring does not suggest that the post restructured company would have any characteristic (for example extremely low free float) that would render the company ineligible for derivatives trading,

If the above conditions are satisfied, then the Exchange shall take the following course of action in dealing with the existing derivative contracts on the pre-restructured company and introduction of fresh contracts on the post restructured company:

- a) All existing contracts of the security shall be expired on the last cum date.
- b) The Exchange shall introduce near month, middle month and far month derivative contracts on the stock of the restructured company from the ex-date of the demerger.

# 3.16 Strike Price/ Introduction of new contracts at new strike price / strike priceintervals for Stock Options

The price specified in the options contract, which shall be reckoned for the settlement of the contract, shall be called the strike price. The number of contracts to be provided and the strike interval applicable for all expiries (near, mid and far months) in Stock options shall be as follows:

Underlying Closing Price	Strike Price Interval	No. of Strikes Provided In the money - At the money - Out of the money
Less than or equal to `50	2.5	5-1-5
>`50 to ≤`100	5	5-1-5
>`100 to ≤`250	10	5-1-5
>`250 to ≤`500	20	5-1-5
>`500 to ≤`1000	20	10-1-10
>`1000	50	10-1-10

- 1) New contracts with new strike prices shall be introduced for trading on the next working day based on the previous day's underlying close / base price.
- 2) In order to decide upon the at-the-money strike price, closing underlying value shall be rounded off to the nearest strike price interval.
- 3) The in-the-money strike price and the out-of-the-money strike price shall be based on the at-the-money strike price interval as per point (2) above.

## 3.17 Final Settlement for futures and options contracts

Final Settlement in respect of Futures & Options contracts shall be cash settled as per the provisions of Clearing Corporation as may be stipulated from time to time.

## 3.18 Revision of market lot of futures and options contracts

The methodology to revise lot size/multiplier of the futures and options contracts as prescribed by SEBI in its circular CIR/MRD/DP/14/2015 dated July 13, 2015 is as follows: The lot size for derivatives contracts in equity derivatives segment shall be fixed in such a manner that the contract value of the derivative on the day of review is within Rs. 5 lakhs and Rs. 10 lakhs.

Price Band in `	Contract Siz	e
	Lot Size (No. of units of underlying)	Value (`in lakhs)
≥ 1601	125	≥2
801 - 1600	250	
401 - 800	500	
201 - 400	1,000	
101 - 200	2,000	≥ 2 ≤ 4
51 - 100	4,000	
25 - 50	8,000	
< 25	A multiple of 1000	

The Exchange shall review the lot sizes once in every 6 months based on the average of the closing price of the underlying for last one month and wherever warranted, revise the lot sizes by giving an advance notice of at least 2 weeks to the market. If the revised lot size is higher than the existing one or lower than the existing one and not in multiple of old lot, it is made effective for only new month contracts. In case of corporate action, the revision in lot size of existing contracts shall be carried out as per SEBI circular SMDRP/DC/CIR-15/02 dated December 18, 2002.

# ITEM 4 COMPLIANCE

#### 4.1 Trade Annulment

This is continuation to our circular no. MSEI/TRD/3201/2015 dated July 17, 2015 informing the members of the SEBI circular no. CIR/MRD/DP/15/2015 dated July 16, 2015 on Policy for Annulment of Trades undertaken on Stock Exchanges. SEBI in its circular advises that "to ensure finality of trades executed on trading platforms of the stock exchanges, to the extent possible, annulment of trades should be avoided by the stock exchanges."

In order to discourage frequent or frivolous annulment requests, the following revised procedure and guideline for submission of and processing trade annulment requests will be applicable:

- A. Submission of Trade Annulment Request: Trade annulment request can be placed only by the trading members (buyer /seller) who have executed the trade(s) in respect of which annulment request is made.
  - 1. The trading member will ensure that he has taken adequate precautions and all the risk management measures provided by the Exchange from time to time, prior to initiating the trade annulment request,
  - 2. Mode of placing the annulment request: i. The trading system of the Exchange provides a facility to a member to initiate a trade annulment request in electronic form, whereupon the member on the other side of the trade would receive the details of the trade annulment request anonymously. ii. The Member has to file the annulment request electronically only, on the trading system provided by the Exchange. iii. The Exchange will electronically disseminate the request on trading system to all concerned counter party trading members to the trade(s) for which annulment is sought. iv. Considering the strict time lines, Exchange will not accept any request in any form or any other mode other than the screen based electronic mechanism provided by the Exchange. However, Exchange may permit filing of request in any other mode in exceptional cases. v. Counterparty trading member who accepts the request has to respond on the trading system intimating their consent to annul the trade.
- B. Criteria & Processing of Trade Annulment Request: The trade/s for which annulment is requested have to fulfill all the conditions listed below for further processing by the Exchange:
  - Trade annulment requests placed by third parties viz. Clearing Member / trading member other than executing trading members, will not be accepted for processing.
  - Trade annulment requests should be submitted to the Exchange within 30 minutes of the execution of trade.
  - A trade annulment request can only be made for an order of a minimum value of Rs.10 Crores (premium value in case of options contracts will be considered).

- Minimum value of trade(s) originating from a single order for which annulment request is made should be Rs.20 lakhs or above (premium value in case of options contracts will be considered).
- Trade(s) for which annulment requests are submitted should have been executed in the continuous session (Normal market) having rolling settlement.
- Trade(s) have not been executed with the same PAN on both the buying and the selling sides; trades have not been executed by the same member on both the sides.
- Counterparty trading member should have provided acceptance to trade annulment within 30 minutes after the market closure or within 30 minutes from time of trade annulment requests whichever is later. If the counterparty member does not intimate his consent within the prescribed time, it will be deemed that the counterparty member does not consent to the request for annulment.

The Exchange will require the trading members to submit additional information such as reason to request for trade annulment, whether similar trade annulment requests have been submitted simultaneously to other exchanges etc. Trade Annulment requests fulfilling the conditions specified above may be accepted for further processing.

The Exchange will expeditiously, not later than start of next trading day, examine and decide upon acceptance of annulment requests. The Exchange will intimate the requesting member about the acceptance / rejection of the annulment request. Where a trading member has requested for annulment of trade(s) to more than one exchange, the Exchange will coordinate with the other exchanges to take appropriate inputs to decide upon the trade annulment request. The Exchange will decide to reject, accept such request or may carry out price reset for such trade(s). Trade annulment or price reset will be undertaken only in exceptional cases and in the interest of the investors, market integrity and to maintain the sanctity of price discovery mechanism

C. Application fee for trade annulment request • A fee equal to 5% of the value of trade(s) for which annulment is requested, subject to minimum fee of Rs.1 lakh and maximum fee of Rs.10 lakhs will be charged as Annulment Application fee for accepting the request. The amount so collected as Annulment Application Request fees will be credited to Investor Protection Fund (IPF) of the Exchange.

As prescribed in SEBI Circular para no. 4, in case there is more than one instance of trade cancellation request from the same trading member in the same segment in a calendar quarter, an additional amount equal to 1% of the value of trade(s), subject to minimum of Rs.1 lakh will be charged. This is being done to discourage frequent or frivolous requests and maintain the sanctity of the trades on the Exchange. This charge is non-reversible and is in addition to the Annulment request application fee.

- D. Dissemination of following information on Exchange website The Exchange will disseminate the following details of trade annulment requests on its website <a href="www.msei.in">www.msei.in</a>:
  - Details of receipt of trade annulment request.
  - Details of decision on trade annulment request.

- E. Further, a mechanism for review of the decision of the Exchange on Trade annulment request is provided to members as detailed below:
  - 1. Submission of Review Request:
    - o Those trading members who had submitted the trade annulment request online and whose request was rejected may submit the review request vide email to trading@msei.in giving the following information:

Trade	TM	Security	Order	Trade	Trade	Trade	Trade	Trade	Pro /	Reason for
Date	code	/ Contract Details	No.	No.	Time	qty	price	value	client (if client then specify	submission of review request
									client	
									name)	

- The cut-off time for submission of review request is as follows:
  - Equity segment: T+1 day 6:00 p.m.
  - Equity Derivatives Segment: T day 6:00 p.m.
  - Currency Derivatives Segment: T day 8:00 p.m.
- The Exchange will inform the counterparty about the receipt of a trade annulment review request.
- 2. Processing of Review Request
  - The Exchange will refer the review request along with relevant particulars to the Exchange's Trading & Surveillance Oversight Committee
  - The pay-out with respect to both the securities and funds as may be applicable relating to the settlement of such trades will be withheld till such review is completed.
  - Trading & Surveillance Oversight Committee will examine the request and provide its recommendations to the Exchange within 30 days of the receipt of the review request.
  - On receipt of the recommendation from the Trading & Surveillance Oversight Committee, the Exchange will convey the decision as soon as possible but not later than two working days.
- 3. The decision taken by the Trading & Surveillance Oversight Committee will be final and binding on all parties and pay-out will be released accordingly.
  - F. Members may note that in accordance with the Byelaws, the Exchange may, to protect the interest of investors in securities market and for proper regulation of the securities market, suomotu annul trades at any time if the relevant authority is satisfied for reasons to be recorded

in writing that such trade(s) is/are vitiated by fraud, material mistake, willful misrepresentation or market or price manipulation and the like.

## 4.2 Trading Through Other TM

SEBI vide their letter SEBI/MIRSD//Cir-06/2004 dated January 13, 2004 has notified the norms relating to trading by members / sub brokers through other brokers/sub brokers of the same Stock Exchange or other Stock Exchanges.

The relevant extract of the above-stated SEBI circular is given below:

- A Stockbroker/sub-broker of an exchange cannot deal with brokers/sub-brokers of the same exchange either for proprietary trading or for trading on behalf of clients, except with the prior permission of the exchange. The stock exchanges, while giving such permission, shall consider the reasons stated by the brokers/sub-brokers for dealing with brokers/sub-brokers of the same exchange and after carrying out due diligence allow such brokers/sub-brokers to deal with only one stock broker/sub-broker of the same exchange.
- A stockbroker/sub-broker of an exchange can deal with only one broker/sub- broker of another
  exchange for proprietary trading after intimating the names of such stock broker/sub-broker to his
  parent stock exchange.
- As per Regulation 15(1) (e) of the SEBI (Stockbrokers and Sub-Brokers) Regulations, 1992 a sub-broker shall not be affiliated to more than one stockbroker. It is reiterated that a stockbroker of an exchange can deal with only one broker of another exchange on behalf of clients after obtaining necessary registration as a sub-broker.

All trading members are advised to ensure due compliance of the direction of the afore- stated SEBI circular and refrain from indulging in any business not complying with the stipulated requirement unless otherwise permitted to do so by the Exchange.

## 4.3 Eligibility criteria of stocks

The stock shall be chosen from amongst the top 500 stocks in terms of average daily market capitalization and average daily traded value in the previous six months on a rolling basis on stock exchanges.

The stock's median quarter-sigma order size over the last six months shall be not less than 25 lakhs.
 For this purpose, a stock's quarter-sigma order size shall mean the order size (in value terms) required to cause a change in the stock price equal to one-quarter of a standard deviation. The methodology adopted to calculate the quarter sigma order size is explained subsequently.

- The market-wide position limit in the stock shall not be less than 500 crores. The market wide position limit (number of shares) shall be valued taking the closing prices of stocks in the underlying cash market on the date of expiry of contract in the month. The market wide position limit of open position (in terms of the number of underlying stock) on futures and option contracts on a particular underlying stock shall be 20% of the number of shares held by non-promoters in the relevant underlying security i.e. free- float holding
- The Average daily delivery value in cash market shall not be less than Rs.10 crores in the previous six months on a rolling basis. The Average Daily Deliverable Value shall be computed taking Deliverable quantity as per client level as computed by NSE Clearing Limited on a daily basis and close price of the trade date.
- For an existing F&O stock, the continued eligibility criteria is that the above mentioned criteria should be met for continuous period of six months. If an existing security fails to meet the above mentioned eligibility criteria for three months consecutively, then no fresh month contract shall be issued on that security. However, the existing unexpired contacts shall be permitted to trade till expiry and new strikes may also be introduced in the existing contracts.
- Further, once the stock is excluded from the F&O list, it shall not be considered for re-inclusion for a period of one year.

The following procedure is adopted for calculating the Quarter Sigma Order Size:

- The applicable VAR (Value at Risk) is calculated for each security based on the J.R. Varma Committee guidelines. (The formula suggested by J. R. Varma for computation of VAR for margin calculation is statistically known as "Exponentially weighted moving average (EWMA)" method. In comparison to the traditional method, EWMA has the advantage of giving more weight to the recent price movements and less weight to the historical price movements.
- Such computed VAR is a value (like 0.03), which is also called standard deviation or Sigma. (The meaning of this figure is that the security has the probability to move 3% to the lower side or 3% to the upper side on the next trading day from the current closing price of the security).
- Such arrived at standard deviation (one sigma), is multiplied by 0.25 to arrive at the quarter sigma. (For example, if one sigma is 0.09, then quarter sigma is 0.09 \* 0.25 = 0.0225).
- From the order snapshots (taken four times a day from MSE Equity Segment order book) the average of best buy price and best sell price is computed which is called the average price.
- The quarter sigma is then multiplied with the average price to arrive at quarter sigma price. The following example explains the same :

Security: XYZ
Best Buy 306.45
Best Sell 306.90
Average Price 306.70
One Sigma 0.09
Quarter sigma 0.00225

Quarter sigma price (`) 0.690075 (0.70 rounded off) (Average Price \* Quarter sigma)

Based on the order snapshot, the value of the order (order size in `), which will move the price of the security by quarter sigma price in buy and sell side is computed. The value of such order size is called Quarter Sigma order size.

(Based on the above example, it will be required to compute the value of the order to move the stock price to `306.00 in the buy side and `307.40 on the sell side. That is Buy side = average price – quarter sigma price and Sell side = average price + quarter sigma price). Such an exercise is carried out for four order snapshots per day for all stocks for the previous six months period.

- From the above determined quarter sigma order size (`) for each order book snap shot for each security, the median of the order sizes (`) for buy side and sell side separately, are computed for all the order snapshots taken together for the last six months.
- The average of the median order sizes for buy and sell side are taken as the median quarter sigma order size for the security.

Futures & Options contracts may be introduced on new securities which meet the above mentioned eligibility criteria on any stock exchange, subject to approval by SEBI.

### 4.4 Eligibility criteria of indices

- Futures & Options contracts on an index can be introduced only if 80% of the index constituents are
  individually eligible for derivatives trading. However, no single ineligible stock in the index shall have
  a weightage of more than 5% in the index. The index on which futures and options contracts are
  permitted shall be required to comply with the eligibility criteria on a continuous basis.
- The above criteria is applied every month, if the index fails to meet the eligibility criteria for three
  months consecutively, then no fresh month contract shall be issued on that index, However, the
  existing unexpired contacts shall be permitted to trade till expiry and new strikes may also be
  introduced in the existing contracts
- Futures and options contracts may be introduced on indices, which meet the above mentioned eligibility criteria, subject to approval by SEBI.

## 4.5 Computer to Computer Link (CTCL)

Exchange provides use of CTCL facility to its members. The information pertaining to CTCL is provided by the Exchange in its circular no. MCX-SX/CTCL/925/2012 dated December 31, 2012.

Members who are using the CTCL facility are required to submit to the Exchange, the details of all the CTCL terminal users. Members are required to upload the files via MY>EXCHANGE. Details of My>EXCHANGE have been communicated vide circular no. MCX-SX/CSQ/972/2013 dated January 28, 2013. Members have to upload CTCL details only through MY>EXCHANGE.

Members are required to provide unique 12 digit CTCL id for each CTCL terminal. The 12 digit CTCL Id should be in the following sequence:

CTCL terminal	First six digits should be Pin code of the CTCL terminal location.				
	Digits 7 to 9 should be Branch ID of the CTCL terminal location.				
	<ul> <li>Digits 10 to 12 should be running serial number of trading terminal Id, under the CTCL Id within the branch.</li> </ul>				
	terminaria, ander the erecia within the branch.				

## For example:

"For a CTCL terminal located at Kurla, Mumbai 400 070, where the Branch ID allocated by the trading member is 015 and the running serial number of terminal Id within the branch is 001. Then the CTCL terminal information (Unique CTCL Terminal ID) will be 400093015001. Member may please note that for IBT, Securities Trading using Wireless Technology and DMA terminal, details are not required to be uploaded. Members are required to mandatorily populate the 15 digit Unique CTCL Terminal information with the order entry/modification/cancellation for every order emanating from CTCL Terminals. Members are requested to ensure that the

## 5.1 INTEROPERABILITY-Functional Changes in Trading Platform

File Format for Equity Derivatives Segment (Version 1.14.1.0) Post Interoperability Framework among Clearing Corporations.

This is in reference to SEBI Circular No. CIR/MRD/DRMNP/CIR/P/2018/145 dated November 27, 2018 and MCCIL Circular Nos MSE/C&S/EDS/7041/2018 dated November 29, 2018 and MSE/C&S/EDS/7549/2019 dated April 15, 2019, regarding Interoperability among Clearing Corporations.

Sr. no	Subject	Reference Circular No	Date
1	Interoperability –Functional Changes in Trading Platform	MSE/TRD/7619/2019	May 03,2019

#### ITEM 6

## 6.1 Standardisation of file formats for MII-Member Interface

As per recommendations of SEBI's Market Data Advisory Committee (MDAC) regarding "Standardization of MII-members Interface", it is proposed to standardise the format of end of day files. To enhance the interface between Exchanges and Members, the format of Contract Master/Security Master, Trade file and Bhavcopy files shall be common across Exchanges and

Trading Members including Members using API solutions by third party vendors, ISVs as well as back-office vendors are requested to take note of the same and make necessary changes to their systems as per the prescribed format.

Exchange has started disseminating files with ISO tags as headers for files, however based on the feedback from market participants and in order to ensure smooth transition, the discontinuation dates of old (existing) files as mentioned in the aforesaid circular is deferred and now both the files shall be simultaneously available for use till further notice.

Sr.no	Subject	Reference Circular No	Date
1	Standardisation of file formats for MII-Member Interface – Old files discontinuation dates deferred	MSE/TRD/13607/2023	June 09, 2023
2	Standardization of Exchange to Member Interface files in Unified Distilled File Formats (UDiFF)	MSE/TRD/14568/2023	December 11,2023
3	Information on website for Unified Distilled File Formats (UDiFF)	MSE/TRD/14689/2023	December 26,2023
4	Discontinuation date for old formats: Standardization of Exchange to Member files in Unified Distilled File Formats	MSE/TRD/15078/2024	March 22,2024

## 6.2 Dissemination of Schedule Timings and status for end of the day files to Market on SFTP.

As per advisory letter of SEBI for sharing of files by Market Infrastructure Institution (MII) with market participants, the Exchange has introduced a facility to track the status of various End of Day (EOD) reports which are disseminates on SFTP Extranet by Exchange under different segments.

Market Participant can view expected time for availability of EOD files of all segments of the Exchange. Kindly refer Annexure- I for more details.

Please note that if any files are rescheduled, the updated time will be listed under "Today Schedule Time".

Members can start using the facility from September 16th, 2024 through https://sftpdashboard.msei.in/

## **6.3** Business Continuity for Interoperable Segments of Stock Exchanges.

This is in reference to SEBI Circular Ref. No: SEBI/HO/MRD/TPD/P/CIR/2024/167 dated November 28, 2024, regarding business continuity for interoperable segments of Stock Exchanges.

Sr.No	Subject	Reference Circular No	Date
1	Dissemination of Schedule Timings and status for end of the day files to Market on SFTP	MSE/TRD/15972/2024	September 13, 2024
2	Business Continuity for Interoperable Segments of Stock Exchanges	MSE/TRD/15972/2024	December 05, 2024

# ITEM 7 Cancel on Logout (COL)

## 7.1 New version release of Trading Software (11.6.19)

If the user is disconnected from their respective TWS/CTCL/FIX terminals wither willingly or due to connectivity issues, then all the pending orders of such users would get cancelled.

Steps to be followed by members for activating of Cancel on Logout (COL) facility

- Members who wish to avail this facility needs to communicate Exchange via authorized Email Id or with written Application of letter head requesting exchange to activate COL facility.
- Once Exchange activates the member for COL facility members can view this new added functionality in Member Admin Terminal. (New Version 11.6.19)

Sr.no	Subject	Reference Circular No	Date
1	New version release of Trading Software (11.6.19)	MSE/TRD/14020/2023	August 25,2023

# ITEM 8 SUPPORT

#### 8.1 Customer Service

To improve the facility and to enhance the trading members' convenience, you may contact on 022-67319010 / 66494030. Alternately you may also send email at customerservice@mcx-sx.com. The customer service facility is available from 8.00 AM to 8.00 PM.

## 8.2 Contingency Pool trading facility for members

The Exchange provides trading facility from its premises to members in the event of a contingency where trading member is not able to use own connectivity because of a technical or a power failure. In such cases, trading member can send the request in writing to the Exchange asking for permission to trade from the Exchange's premises .Upon receiving such request from the trading member , Exchange verifies the details and allows the representative of the trading member to come and use the trading terminal situated in the contingency pool in its premises. The facility is available on a first come first serve basis. The trading facility in the contingency pool is granted for a particular day only.

## The format for Application for Contingency trading is given below:

Permission for Trading from Exchange Premises (On the letter head of trading members)

To,
Market Operations Dept.
Metropolitan Stock Exchange of India Limited
Building A, Unit 205A, 2<sup>nd</sup> Floor,
Piramal Agastya Corporate Park,
LBS Road, Kurla West Mumbai – 400 070

## 8.3 Password Policy

In terms of the provisions of Rules, Bye-Laws and Regulations of Exchange, Independent Software Vendor (ISVs) and Members of the Exchange are notified as under:

- 1. To enable the Independent Software Vendors (ISVs)/members to utilize the CTCL / Internet based trading facility, the Exchange provides Application Programming Interface (API) for the interface with the Exchange's trading system.
- 2. As a part of our continuous endeavour to enhance system performance and to further enhance the trading experience, the Exchange has enhanced the security password by minimum length of 8 characters and setting maximum length to 10 characters for logging into Trading work Stations and Member Admin Terminal.

The Exchange would be implementing minimum password length of 8 characters instead of current minimum password length of 6 characters. The maximum password length would also be increased from 8 characters to 10 characters. All users should take into account below mentioned password policy for login to trading system.

Password related rule:

- •. The length of password should be of 8 and 10 characters long.
- Must be composed of following character sets:
  - I) Case insensitive alphanumeric [a-z, A-Z, 0-9]
- II) Special Characters: [ `~!@#\$%^&\*()\_+ -={}|[]\:";'<>?./]
- iii) The password will be checked against Login ID. The Numeric part of the password

should not be fully composed ONLY of numbers that are in the Login ID.

iv) If the login id is "21356", the following are INVALID passwords:

min653? [digits are only from "21356"]

KM5P6T% [digits are only from "21356"]

"ADP17:", "PO~ad159", "A\$\$8MC" etc. would be strong passwords.

• User shall not be allowed to set the default password as new password.

The above mentioned password policy is applicable to all users.

## "Notwithstanding such rescission,

- a) Anything done or any action taken or purported to have been done or contemplated under the rescinded guidelines before the commencement of this Master Circular shall be deemed to have been done or taken or commenced or contemplated under the corresponding provisions of the Master Circular or rescinded guidelines whichever is applicable.
- b) The previous operation of the rescinded guidelines or anything duly done or suffered thereunder, any right, privilege, obligation or liability acquired, accrued or incurred under the rescinded guidelines, any penalty, incurred in respect of any violation committed against the rescinded guidelines, or any investigation, legal proceeding or remedy in respect of any such right, privilege, obligation, liability, penalty as aforesaid, shall remain unaffected as if the rescinded guidelines have never been rescinded."
