2. Based on further discussions with REs, it has been decided to revise the thresholds and categorization of following REs as contained in this circular. It may be noted that the category of REs shall be decided at the beginning of the financial year based on the data of the previous financial year. Once the category of RE is decided, RE shall remain in the same category throughout the financial year irrespective of any changes in the parameters during the financial year. The category shall be validated by the respective reporting authority at the time of compliance submission. Further, the criteria given and their thresholds for different categories will continue to be updated as and when required.

2.1. Stock brokers:

2.1.1. Stockbrokers fulfilling any one of the following parameters shall be classified accordingly (the parameters shall be applied independently). The higher categorisation shall be made applicable in case a stockbroker falls into two different categories based on the two parameters independently.

Table 1: Criteria and thresholds for Stockbroker categorisation

S. No.	Parameters	Qualified REs	Mid-size REs	Small-size REs	Self-certification REs
1.	Number of total registered clients	More than 10 lakhs	More than 1 lakh and up to 10 lakhs	More than 10,000 and up to 1 lakh	More than 1,000 and up to 10,000

2.1.2. Stock Brokers with less than 1,000 crores clientele trading volume (in a year) and less than 1,000 total registered clients are exempted from CSCRf.

2.2. Depository Participants (DPs):

It shall be noted that categorisation of DP shall be decided based on the highest thresholds of below-mentioned classification. For example: if a DP is registered as both stock broker and Bank, then it will be categorised as Qualified RE. Further, DPs having clients less than 100 shall be exempted from the requirement of SOC services or on-boarding to Market-SOC (M-SOC).

2.4. Research Analysts (RAs):
