CHAIRMAN'S STATEMENT

Dear Shareholders,

Company Performance Overview

I am happy to share in brief the highlights of your Company's performance during 2017-18.

Each of our businesses had an important role to play in delivering these strong results. It gives me great pleasure to share with you an update on the overall performance of your Company in 2017-18. We grew strongly in the fast emerging e-commerce channel even as we adopted sophisticated IT solutions to improve our reach and service to millions of small retailers across the length and breadth of India. It was yet another difficult year for the global economy, characterised by low growth and geopolitical uncertainties. The overall market showed signs of recovery in the latter half of the year but faced a temporary slowdown in November due to demonetisation. In this challenging business environment, Emerald Commercial Limited (ECL) delivered a resilient performance in 2017-18. This was enabled by our 4G model of growth - consistent, competitive, profitable and responsible growth. We believe that this model, particularly in times of uncertainty, is in the best long-term interest of all our stakeholders and a good indication of a robust strategy.

In India, rural demand continued to be sluggish in the early part of the year on the back of two consecutive poor monsoons. One of the major strengths of your Company is the relentless focus on execution and productivity and this helped us to sustain brand investments at competitive levels, while significantly improving margins. Our 'Winning in Many Indias' (WIMI) organizational initiative has made us even more agile and responsive to a rapidly evolving marketplace with intensified competition, channel fragmentation and an increasingly segmented consumer base.

The proposed implementation of the Goods and Services Tax (GST), with effect from 1st July 2018, is expected to transform the indirect tax landscape in the country and accelerate economic growth in the long run by simplifying the tax structure, enhancing tax compliance Technology and mobile connectivity are rapidly changing consumer behaviour and business processes... Technology is also enabling us to better understand our consumers. For instance, our Consumer and Market Insights group has created a People Data Centre that analyses trends from social media, consumer care-lines and digital marketing to turn millions of 'conversations' into business decisions that optimise sales and revenue.

I would like to take this opportunity to thank each and every employee as well as those who work with us across the value chain for their unstinting support and hard work in the service of our Company. I would also like to thank you, our shareholders, for your continued trust in the business.

*Best Regards,

Management Discussion and Analysis (MD&A)

- Provides critical information in interpreting the financial statements and assessing the future of the company
- Includes an analysis about past performance and financial condition
- Discusses management's opinion about future performance
- Discusses significant risk exposure

INDUSTRY STRUCTURE AND DEVELOPMENT:

The Company's main object is Non-banking Finance activities. The market for this activity offers high potential for growth. The Company is giving loan & Inter Corporate Deposit to the corporate clients. There have been a number of causes behind growth of Indian economy in last couple of years. A number of market reforms have been instituted by Indian government and there has been significant amount of foreign direct investment made in India. Much of this amount has been invested into several businesses including knowledge process outsourcing industries. India's foreign exchange reserves have gone up in last few years. Real estate sector as well as information technology industries of India have taken off. Capital markets of India are doing pretty well too. All these factors have contributed to growth of Indian economy.

BUSINESS SCENARIO:

Non-Banking Finance Companies (NBFCs) are an integral part of the country's financial system because of their complementary as well as competitive role. They act as a critical link in the overall financial system catering to a large market of niche customers. In spite of strong competition faced by the NBFCs, the inner strength of NBFCs viz local knowledge, credit appraisal skill, well trained collection machinery, close monitoring of borrowers and personalized attention to each client, are catering to the needs of small and medium enterprises in the rural and semi urban area. However, as a result of consolidation and restructuring in the financial sector and liberalization and globalization of markets only few strong NBFCs now remain in business.

On the regulatory front, NBFCs are regulated by the Reserve Bank of India (RBI) almost at par with banks. All the prudential norms for asset classification, income recognition, provisioning etc., are applicable to NBFCs in India. Given the continuously high levels of inflation through FY 13, the Reserve Bank of India (RBI) has no option but tighten monetary policies. This has resulted in an increase in domestic interest rates. The environment of high interest rates has a negative impact on sentiments of industries. During 2013, global financial conditions broadly improved, amid lingering vulnerabilities, equity markets rose, risk spreads continued to tighten and bank lending conditions in major advanced economies even for small and medium-sized firms. Measures of risk aversion have not risen, though equity markets in most regions have posted significant gains and financial stresses have been limited.

GOODS AND SERVICE TAX

Goods and Services Tax (GST) is a landmark reform which will have a lasting impact on the economy and on businesses. Implementation of a well-designed GST model that applies to the widest possible base at a low rate can provide significant growth stimulus to the business and contribute to the Prime Minister's mission of 'Make in India'. Your Company has been preparing for migrating to GST for the past year; changes across IT systems, Supply Chain and operations have been made keeping in mind the sweeping changes that GST would bring in. While there are a few areas that need to be addressed, the Government has announced an intention to go live on GST on 1st July, 2018 and your Company will be ready for this transformative reform.

OUR PEOPLE

Great Brands and Great People are our biggest assets. Sustainable, profitable growth can only be achieved in an organization that focuses on performance-culture and where employees are engaged and empowered to be the best they can be. Success in the future will depend on being lean, agile and competitive in a resource-challenged world. We are working towards creating a simpler, diverse and agile organisation that will help us move faster, innovate better and leverage our global scale.

OPPORTUNITIES AND RISKS:

Your Company being an investment and financial Company seeks opportunities in the capital market. The volatility in the stock indices in the financial year under report represents both an opportunity and challenge for the Company. Capital market activities in which most of our activities depend on is also influenced by global events and hence there is an amount of uncertainty in the near term outlook of the market.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE:

The Company is engaged in investment activities and other financial services during the year under review, hence the requirement of segment-wise reporting is considered irrelevant.

FUTURE OUTLOOK:

For several years, NBFCs have rapidly emerged as an important segment of the Indian Financial System. The sector is now being recognized as complementary to the banking sector due to the implementation of innovative marketing strategies, introduction of tailor made products, customer-oriented services, attractive rates of return on deposits and simplified procedures. In fact, NBFCs have emerged as a powerful force for financial inclusion in India, serving the bottom of the pyramid rural clients.

NBFCs are characterized by their ability to provide niche financial services in the Indian economy. Because of their relative organizational flexibility leading to a better response mechanism, they are often able to provide tailor-made services relatively faster than banks. This enables them to build up a clientele that ranges from small borrowers to established corporates. NBFCs have often been leaders in financial innovations, which are capable of enhancing the functional efficiency of the financial system.

RBI's report titled "Report on trends on progress of banking in India" observes:

“Non-Banking Financial Institutions (NBFIs) are playing pivotal role in broadening access to financial services, enhancing competition and diversification of the financial sector. They are increasingly being recognized as complementary to the banking system capable of absorbing shocks and spreading risk mitigation at the times of financial distress”, further “NBFCs perform a diversified range of functions and offer various financial services to individual, corporate and institutional clients.

NBFC’s are governed and are required to be registered with RBI, follow stringent prudential norms prescribed by RBI in the matters of capital adequacy, credit investment norms, asset-liability management, income recognition, accounting standards, asset classification, provisioning for NPA and several disclosure requirements. Besides this, RBI also supervises the functioning of NBFCs by conducting annual on-site audits through its officials. Such a rigorous regulatory framework ensures that NBFCs function properly and follow all the guidelines of RBI. Thus in all respect the monitoring of NBFCs ensures that NBFCs function properly and follow all the guidelines of RBI. Thus in all respect the monitoring of NBFCs is similar to banks.

RISKS AND CONCERNS:

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organization's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organizations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management. Timely and effective risk management is of prime importance to our continued success. Increased competition and market volatility has enhanced the importance of risk management. The sustainability of the business is derived from the following:

- *Identification of the diverse risks faced by the company.*
- *The evolution of appropriate systems and processes to measure and monitor them.*
- *Risk management through appropriate mitigation strategies within the policy framework.*
- *Monitoring the progress of the implementation of such strategies and subjecting them to periodical audit and review.*
- *Reporting these risk mitigation results to the appropriate managerial levels.*

INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY:

The Company has adequate internal control procedure commensurate with the size of the company and the nature of its business for the purchase of inventory, fixed assets, financing loans & advances and interest there upon and for the sale of goods (and/services).

DISCUSSIONS ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

The Company has closed last financial year with decreased income, but the profit got increased correspondingly. The Company plans to further strengthen the areas where more opportunities exist. The ongoing investments are making the company ready for the future.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS:

The Company continues to give its high attention to its Human Resources. Various initiatives were successfully implemented during the year. Industrial relations continue to be cordial.

CAUTIONARY STATEMENT:

The Management Discussions and Analysis Statement made above are on the basis of available data as well as certain assumptions as to the economic conditions, applicable laws and other economical and political factors. The Management cannot guarantee the accuracy of the assumptions and projected performance of the Company in future. It is therefore, cautioned that the actual results may differ from those expressed and implied therein.

"ANNEXURE B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF EMERALD COMMERCIAL LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s EMERALD COMMERCIAL LIMITED ("the company"), as of 31st March, 2018, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018 based on the internal control

over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

EMERALD COMMERCIAL LIMITED

Notes forming part of the financial statements

1. Corporate Information

M/s EMERALD COMMERCIAL LIMITED (the company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 2013. Being a Public Limited Company its shares are listed on CSE & BSE stock exchanges. The company Principal Business in NBFC's, like Loans & Advance and Investments.

2. Significant Accounting Policies

2.1 Basis of Accounting and Preparation of Financial Statements

These financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed by Ministry of Corporate affairs pursuant to section 133 of the companies Act, 2013 ("the Act"), read with the companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements for all periods up to and including the year ended 31st March, 2018, were prepared in accordance with Generally Accepted Accounting Principles (GAAP) in India, which includes the accounting standards prescribed under section 133 of the Act read with rule 7 of the Companies (accounts) Rules, 2014 and other provisions of the Act (collectively referred to as "Indian GAAP"). These financial statements for the year ended 31st March, 2018 are the first Ind AS Financial Statements with comparatives, prepared under Ind AS. The Company has consistently applied the accounting policies used in the preparation of its opening Ind AS Balance Sheet at 1st April, 2016 throughout all periods presented, as if these policies had always been in effect and are covered by Ind AS 101 "First Time Adoption of Indian Accounting Standards".

Certain of the Company's Ind-AS accounting policies used in the opening Balance Sheet differed from its Indian GAAP policies applied as at 31st March, 2016 and accordingly the adjustments were made to restate the opening balances as per Ind-AS. The resulting adjustment arising from events and transactions before the date of transition to Ind-AS were recognized directly through retained earnings as at 1st April, 2016 as required by Ind-AS 101. The financial statements of the Company for the year ended 31st March, 2018 has been approved by the Board of Directors in their meeting held on 24.05.2018.

2.2 Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires judgements, estimates and assumptions to be made that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

2.3 Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

2.4 Revenue recognition

Revenue is recognised based to the extent it is probable that the economic benefit will flow to the company and revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, and excludes taxes & duties collected on behalf of the Government and is reduced for estimated customer returns, rebates and other similar allowances.

2.5 Interest Income

Interest Income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

2.5 Sale of Products

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the company and significant risk and reward incidental to sale of products is transferred to the buyer, usually on delivery of the goods.

2.5 Other Income

Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

2.5 Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). At cost or Net Realizable value whichever is lower.

2.6 Cash Flow Statement

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value. For the purpose of the statement of cash flows, cash and cash equivalents includes cash on hand, term deposits and other short term highly liquid investments, net of bank overdrafts as they are considered an integral part of the Company's cash management. Bank overdrafts are shown within short term borrowing in balance sheet.

2.6 First Time Adoption to Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs with effect from 01st April, 2017, with a transition of 1st April, 2016. Ind AS 101-First-time Adoption of Indian Accounting Standards requires that all Ind AS Standards and interpretations that are issued and effective for the first Ind AS financial statements which is for the year ended 31st March, 2018 for the company, be applied retrospectively and consistently for all financial years presented. Consequently, in preparing these Ind AS financial statements, the Company has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). Set out below are the Ind AS 101 optional exemptions availed as applicable and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

2.6 Earnings per share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive equity shares into equity shares.

2.7 Taxes on income

Current Tax

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

Deferred Tax

Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current and deferred taxes relating to items directly recognised in equity are recognised in equity and not in the Statement of Profit and Loss.

2.8 Depreciation and Amortization

Depreciation on Car is provided under Written Down Method at rates determined based on the useful life of the respective assets and the residual values in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.s., from (up to) the date on which asset is ready for use (disposed of).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Depreciation on car is recognised so as to write off its cost over useful lives, using the written down value method. The estimated useful life, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The residual value in case of car has been considered as 5%. Estimated useful life of car has been determined as 6 Years.

2.8 Provisions and contingencies

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligation cannot be made. The Company discloses the existence of contingent liabilities in Other Notes of Financial Statements.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.
