MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Industry Structure and Developments**

Government of India has implemented the Goods and Services Tax Act, 2018 w.e.f. 01.07.2017 unifying all indirect taxes i.e. Sales Tax, Excise Duty and Service Tax and other local taxes into one tax facilitating relieve of business activities from complicated tax issues. India's financial service sector has grown from strength to strength over the years, built on prudential lending practices, robust regulatory environment and sound technology base and enabled growth of economic activities. While commercial banking stays at the forefront of the financial system, the growing pie of NBFCs has significantly contributed to industrial growth.

Non-Banking Finance Companies (NBFCs) and Housing Finance Companies (HFCs) continue to make a major impact on the lending side both in consumer/retail lending and commercial/business lending. During the year Capital Market has also witnessed growth. FIIs are showing interest in matured Indian Capital Market and manufacturing sector.

Opportunities

Easy availability of finance, less legal requirements, less time consumption, Industries feel easy to approach NBFC for finance.

Threats

Stock market is very uncertain and chances of loss are there. Non-banking financial companies (NBFCs) have faced numerous challenges over the past few years. Growth in assets under management (AUM) has been slowing down across segments and NBFCs have lost market share to banks in some asset classes. Except few securities which has shown upward trend most of the security are traded below issue price.

Outlook

NBFCs have played a key role in the development of important sectors like Road Transport and Infrastructure which are the life lines of our economy. This role has been well recognized and strongly advocated for, by all the Expert Committees and Taskforces setup till date, by Govt. of India & RBI. It is an established fact that many unbanked borrowers avail credit from NBFCs and over the years use their track record with NBFCs and mature to become bankable borrowers. Thus, NBFCs act as conduits and have furthered the Government's agenda on Financial Inclusion. Implementation of IBC code by the government has impacted the performance of many industrial houses and consequently has also affected financial sector

The Company is engaged in investment business and is considered to be only business segment under A.S. 17, hence segment reporting is not applicable.

Risk and Concern

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. These Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is

sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
