MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

Your Company was engaged in the manufacture of bread and other bakery products. Though the industry of bread and bakery is showing huge growth both domestic and at the international level Firstly due to the availability of different variety of breads and bakery items having better ingredients and Secondly due to education which has brought in awareness and changed the eating habits of people in India at large, who used to eat their traditional food have now shifted to other food items. Since, in the Last year under review your Company did not do any business so we cannot comment on the performance of the company in comparison with the other companies at large.

OPPORTUNITIES AND THREATS

There are a lot of opportunities related to the Company which can contribute to the rising income and aspiration of consumers, large & profitable domestic and international markets and rural growth in India. People prefer fresh bread and other products. Bakery products are an item of mass consumption in view of its low price and with rapid growth and changing eating habits of people, bakery products have gained popularity among masses. Besides above, Untapped geographies in India is also a huge area of opportunity.

These opportunities are equally visible to the current and future competitors of your Company and that constitutes the primary threat. Intensified competition due to lower industry growth. A combination of ahead-of- market innovations, consistent quality delivery, supporting the brand aggressively through consistent and competitive investment and continuous enhancement of capability and efficiency of distribution pipeline will help your Company address the threats.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

Since there was no business last year therefore the management cannot comment on this head.

FUTURE OUTLOOK

In the near term, Company is planning to once again start its business. It has formed a very good and abled Board, under whose guidance and abled support it is expected that Company will do well and will attain new targets and goals better than what it used to achieve when it was in full flow.

RISKS AND CONCERNS

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organization's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organizations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management. Timely and effective risk management is of prime importance to our continued success. Increased competition and market volatility has enhanced the importance of risk management.

The sustainability of the business is derived from the following:

- ❖ Identification of the diverse risks faced by the company.
- ❖ The evolution of appropriate systems and processes to measure and monitor them.
- ❖ Risk management through appropriate mitigation strategies within the policy framework.
- ❖ Monitoring the progress of the implementation of such strategies and subjecting them to periodical audit and review.
- ❖ Reporting these risk mitigation results to the appropriate managerial levels

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has adequate internal control systems and procedures which commensurate with the nature of its business and the size of its operations. The internal control system are adequate to ensure that all assets and resources of the company are safeguarded and protected against loss from unauthorized use or disposition and all transactions are authorized, recorded and reported correctly. The company also ensures compliance with all statutes and regulatory policies and guidelines.

Further the company is also having internal audit department which carries out audit work throughout the year. The main objective of such audit is to test the adequacy and effectiveness of internal control systems laid down by the Management and to suggest improvement in the systems.

Besides, an audit committee consisting of three directors has been constituted. All the significant audit observation and follow up action thereon are taken care of by the audit committee. The audit committee met four times during the financial year under review.

FINANCIAL/OPERATION PERFORMANCE

During the year under review there have been revenue of Rs. 231.00 thousands from the operations of the Company. However,

Cremica Agro Foods Limited

(CIN: L15146PB1989PLC009676)

there have been other income of Rs. 4,053.75 thousands during the year under review as compared to other income of Rs. 2415.92

thousands in the previous year. The Net Profit for the year under review amounted to Rs. 1573.69 thousands as compared to Net Loss of Rs. 16,873.96 thousands in the previous year. The detailed performance has already been discussed in the Directors report under column operational review.

HUMAN RESOURCES/INDUSTRIAL RELATIONS

During the year under review the Company had no person on the rolls of the Company.

CAUTIONARY STATEMENT

Though the statement and views expressed in the above said report are on the basis of best judgment but the actual future results might differ from whatever is stated in the report.

Independent Auditors' Report

To,
The Members
Cremica Agro Foods Limited

Report on the Audit of the Standalone Financial Statements

1. Opinion

We have audited the standalone financial statements of Cremica Agro Foods Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2019, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Directors report, but does not include the financial statements and our auditor's report thereon. The Directors Report is expected to be made available after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance.

We have nothing to report in this regard.

4. Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are

Cremica Agro Foods Limited

(CIN: L15146PB1989PLC009676)

free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

5. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Report on Other Legal and Regulatory Requirements

- (A) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the

Annexure B to the Independent Auditor's report on the standalone financial statements of Cremica Agro Foods Limited for the period ended 31 March 2019.

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (Referred to in paragraph 6(B)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of **Cremica Agro Foods Limited** ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and

Cremica Agro Foods Limited

(CIN: L15146PB1989PLC009676)

detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as “the Act”).

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

B. Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:

(a) recognised and measured at fair value and

(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Indian Accounting Standard 113. An explanation of each level follows underneath the table.

Assets and liabilities which are measured at amortised cost for which fair values are disclosed

Total financial liabilities	-	-	-	-

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices/ NAV published.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year.

Valuation process

The finance department of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes for level 3 fair values. The Company relies on them for instruments measured using level 1 valuation. Discussions of valuation processes and results are held between the CFO and the finance team at least once every year in line with the Company's reporting periods.

Fair value of financial assets and liabilities measured at amortised cost

	As at March 31, 2019		As at March 31, 2018	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Trade receivables	-	-	-	-
Cash and cash equivalents	14,797.86	14,797.86	12,010.18	12,010.18

	15,938.44	15,938.44	13,426.25	13,426.25

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, current loans, other current financial assets, short-term borrowings, trade payables, other current financial liabilities are considered to be the same as their fair values, due to their short-term nature. Non-current borrowings represents approximate to the fair values. Accordingly, the same has not been discounted.

The fair values for security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit.

B. Financial risk management

Risk management framework

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations.

Cremica Agro Foods Limited

(CIN: L15146PB1989PLC009676)

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, loans and advances, cash and cash equivalents and deposits with banks.

Trade receivables

"The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables. An impairment analysis is performed at each reporting date.

The risk management committee has established a credit policy under which each new customer is analysed individually for credit worthiness before the standard payments and delivery terms & conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. Sale limits are established for each customer and reviewed annually. Any sales exceeding those limits require approval from the appropriate authority as per policy. In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, whether they are a institutional, dealers or end-user customer, their geographic location, industry, trade history with the Company and existence of previous financial difficulties."

The Company based on internal assessment which is driven by the historical experience/ current facts available in relation to default and delays in collection thereof, the credit risk for trade receivables is considered low. The Company estimates its allowance for trade receivable using lifetime expected credit loss. Individual receivables which are known to be uncollectible are written off by reducing the carrying amount of trade receivable and the amount of the loss is recognised in the Statement of Profit and Loss within other expenses.

Cash and cash equivalents and deposits with banks

Cash and cash equivalents of the Company are held with banks which have high credit rating. The Company considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

Financial assets for which loss allowance is measured using Lifetime Expected Credit Losses		
Trade Receivables	-	725.00
Reconciliation of loss allowance provision	-	-

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the cash flow generated from operations to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and exclude contractual interest payments and exclude the impact of netting agreements.

iii. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

Particulars	Nominal Amount	
	As at March 31, 2019	As at March 31, 2018
Fixed-rate instruments		
Financial assets	44,119.06	48,501.98
	44,119.06	48,501.98

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

23. Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital on a yearly basis as well as the level of dividends to ordinary shareholders which is given based on approved dividend policy. The board of directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The company capital consists of equity attributable to equity holders that includes equity share capital, reserves, retained earnings and long term borrowings.
