LETTER TO THE SHAREHOLDERS

Dear Shareholders,

It is my privilege to write to you and present the Annual Report for the FY 2019-2020.

I hope this letter of mine finds you safe and in the best of health and spirit.

For most of FY 2019-2020, the global steel industry faced a number of challenges due to global demand and geopolitical tensions which have affected the contours of the business environment in which we operate. Next came, the onset of the COVID-19 pandemic in the final quarter of the year, which ushered in a new reality for industries across the world.

Our Company witnessed a reduction of 2.72% in the revenue in 2nd quarter from the 1st quarter and an increase of 5.38% in the revenue in 3rd quarter as compared to the 2nd quarter. During the last few weeks in March, we started to see the impact of COVID-19 pandemic. As a result, the revenue reduced by 8.70% in the 4th and final quarter of the year from the 3rd quarter.

Our team mobilized with extreme speed and incredible dedication. Our focus has always been and shall remain safety of our hardworking employees, the delivery of service to our customers and the financial well-being of the Company.

The impact of the slowing economy was also felt in the global steel sector. Global crude steel production reached 1,870 MnT in 2019, registering a more modest growth of 3.4% in 2019 against 4.6% in 2018. The Indian steel sector registered a stark easing of growth to 1.8% in 2019 compared to 7.7% growth in the previous year. Domestic steel prices declined sharply in FY 2019-2020 (-15% year-on-year, on average) due to weak demand from key industries including automobiles, construction and consumer durables.

Further, it is also pertinent to mention that *Rakan (Private) I.T.I under the flagship of Rakan Group of Institutions* which is established with the aim to inculcate technological skills amongst youth to empower them for gainful employment through technical & vocational education; and to enhance productivity of formal & non-formal sector of economy by having close interaction with the Industry. With immense pride and conviction, we would like to place on record our sincere appreciation to the Management team of I.T.I. for their unmatched devotion and dedication in taking the institution to new heights and making it a brand altogether. Various eminent companies

and industries have tied-up with the institution in recruiting the exceptionally talented and skilled youth of our institution thereby fulfilling our aspiration of becoming the top I.T.I. institution of the city.

Albeit the difficult environment, *Rakan Steels Limited* is trying to comprehend the situation meticulously and planning out innovative strategies to improve the growth prospects and combat for the reduced revenue. We are conscious that it won't be easy to vanquish cumbersome external business environment factors amidst the outbreak of global COVID-19 pandemic but we instead of accepting defeat rather strive to undertake every endeavor to come back on track and walk on the golden road of success once again. Moreover, it is impossible without the faith and trust of our beloved and precious shareholders.

As we look ahead, it is pertinent to gauge COVID-19's unprecedented impact on the global economy. It is expected that global growth will contract by over 3% in 2020, the worst contraction since the 1930s. For the first time since the Great Depression, both advanced and developing economies are in recession together. *Rakan Steels Limited* is confident in its ability to navigate this period through string financial discipline, a reduction in capital expenditure and cash flow management.

As we continue our journey of scaling new peaks while being better with every passing day, I would like to thank the Board for guiding me to execute my responsibilities in the best possible manner. I would like to extend my heartfelt gratitude to all my colleagues for their dedication, innovation, devotion and hard work.

I would like to take this opportunity to thank each one of you for your continued trust, confidence and support. Looking ahead, I am optimistic of the opportunities of the work we are doing for our clients and hope that we fulfill every aim and goal that we have always cherished and aspired of.

I solicit your continued cooperation.

With my warmest regards,

Sd/-

MANAGEMENT'S DISCUSSION & ANALYSIS REPORT

OVERVIEW

The objective of this report is to convey the Management's perspective on the external environment and steel industry, as well as strategy, operating and financial performance, material developments in human resources and industrial relations, risks and opportunities and internal control systems and their adequacy in the Company during the FY 2019-2020. This should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in the Annual Report. The Company's financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') complying with the requirements of the Companies Act, 2013, as amended and regulations issued by the Securities and Exchange Board of India ('SEBI') from time to time.

ECONOMIC OUTLOOK

Global GDP growth eased to 2.9% in 2019, against an initial growth projection of 3.5%. In India, growth slowed to 4.2% in FY 2019-2020 against an initial growth projection of 7.5% in the beginning of the year. In view of the COVID-19 pandemic, there remains considerable uncertainty around the global economic forecast for 2020. According to the International Monetary Fund ('IMF'), global economy is projected to contract sharply by 4.9% in 2020, surpassing the decline seen during the global financial crisis a decade ago. Stark differences will be observed between impact of the pandemic on advanced economies, and emerging markets and developing economies owing to differences in governance capacity, health care systems, strength of financial institutions, and currency strength.

Growth is expected to be slower in most advanced economies. Countries in the emerging market and developing economies will also witness a slump in growth due to external demand shock, tightening in global financial conditions, and a plunge in commodity prices. In China, where recovery from the sharp contraction in the first quarter is underway, growth is projected at 1% in 2020, supported in part by policy stimulus. The IMF projects a partial recovery in 2021, however, the level of GDP growth is expected to remain below the pre-COVID-19 trend, with uncertainty about strength of the rebound.

India's economy in the Financial Year 2020-21 is projected to grow at a slower pace following a longer period of lockdown and slower rate of recovery than anticipated.

Effective policies and fiscal measures by the Government will be essential to forestall contraction of growth.

OUTLOOK FOR STEEL INDUSTRY

The COVID-19 pandemic has severely affected economies and industries globally and the steel industry is no exception. Therefore, outlook for the steel industry includes scenarios regarding the pandemic's speed of propagation, possible recurrence, near-term impact of measures being taken to contain the outbreak, and the effectiveness of the stimulus announced by the Governments of various nations.

After slower than expected growth in 2019, steel demand is estimated to contract significantly in the Financial Year 2020-2021. According to the World Steel Association ('WSA'), it is possible that the impact on steel demand in relation to the expected contraction in GDP may turn out to be less severe than that seen during the erstwhile global financial crisis. In comparison with other sectors, the manufacturing sector is expected to rebound quicker though supply chain disruptions are likely to continue.

Most of the steel producing regions are expected to witness a decline in crude steel output due to production cuts amidst ongoing lockdowns. However, it is expected that compared to other countries, China will move faster towards normalization of economic activity as it was the first country to come out of the COVID-19 crisis. Governments of different nations have announced sizeable stimulus packages which are expected to favor steel consumption through investment in infrastructure and other incentives for the steel industry.

In India, muted demand and oversupply is likely to result in suppressed steel prices and capacity utilization in the near term. Since India depends largely on migrant labor, restarting construction and infrastructure projects will be a challenge. The demand from infrastructure, construction, and real estate sectors is likely to be subdued in the first half of the Financial Year 2020-21 due to the lockdown during the first quarter followed by the monsoons during the second quarter. Further, the demand from automobile, white goods, and capital goods sector is likely to reduce significantly with consumers deferring discretionary spends in the near term. Effective government stimulus and return of consumer confidence is likely to be the key driver for a gradual recovery over the second half of the Financial Year 2020-2021.

OUTLOOK OF STEEL MARKET

The nationwide lockdown in India resulted in complete halt of activity across steel consuming sectors, both construction and manufacturing. While gradual resumption of business activities coupled with stimulus measures announced by government are expected to help revive the business activity, steel demand recovery is likely to be slower due to the unavailability of labor and weaker consumption growth. During FY 2021, most of the construction demand is expected to be driven by government infrastructure projects and rural construction. However, deferment of purchases of automotive and consumer durables coupled with weaker private investments and fragile exports is likely to keep steel consumption and consequently steel manufacturing at lower levels.

In Europe, the COVID-19 pandemic has led to a downgrading of Europe's economic outlook and steel consumption forecasts. The situation has led to a reduction in industrial activity across Europe. While national lockdowns are now being eased in some countries, the automotive, engineering and construction sectors are showing slow signs of recovery. As a result, steel manufacturing is expected to be low in line with lesser demand. However, demand for packaging and plating steels used in food products and batteries continues to be strong through the pandemic and the outlook remains strong.

FINANCIAL PERFORMANCE

During the year under review, the Income of the Company amounted to Rs. 2808.865 (in '00000) in comparison to the Income of the last year which amounted to Rs. 2937.803 (in '00000). GLOBAL HEALTH PANDEMIC FROM COVID-19

The World Health Organization (WHO) declared a global pandemic of the Novel Corona Virus disease (COVID-19) on February 11, 2020. In enforcing social distancing to contain the spread of the disease and taking into consideration the lockdown in the city as declared by the Government authorities, our office had adopted the Work from Home policy and the factory has been operating with minimal staff for extended period of time along with adopting all the safety and precautionary measures including but not limited to sanitization facilities, social distancing at workplace by erecting barriers on work floors and dining facilities, providing face shields, masks & PPEs, ensuring no sharing of tools etc. among others.

To effectively respond to and manage our operations through this crisis, the Company triggered its business continuity management program. In keeping up with employee-safety-first approach, the management quickly instituted measures to trace all the employees and assured of their well being. The management also helped and assisted the employees to shift to the new work paradigm i.e. "Work from Home" policy.

We have extended support to the employees impacted by this pandemic and implemented a phased and safe return-to-work plan when lockdown restrictions were relaxed.

The Company's focus on liquidity, supported by a strong balance sheet and acceleration in cost optimization initiatives, would help in navigating any near-term challenges in the demand environment.

RAKAN STEELS LIMITED

**STANDALONE FINANCIAL
STATEMENTS FOR THE F.Y.
2019-2020**

INDEPENDENT AUDITOR'S REPORT

To,
The Members,
RAKAN STEELS LIMITED,
Kanpur.

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **M/s Rakan Steels Limited** ("the Company") which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020, and its profit/loss and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors' Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the order to the extent applicable.
- 2) As required by section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of the audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account.

- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March 2020 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2020 from being appointed as a director in terms of sub section (2) of Section 164 of the Companies Act, 2013.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure B”; and
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company does not have any pending litigations which would impact its financial position.
 - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure-B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("the Act")

We have audited the internal financial controls over financial reporting of **M/s Rakan Steels Limited** ("the Company") as of 31st March, 2020 in the conjunction with our audit of standalone financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Standalone Financial Statements

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control system over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with generally accepted accounting principles, and that the receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future period are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

RAKAN STEELS LIMITED

Notes to the Ind AS financial statements for the year ended March 31, 2020

BASIS OF PREPARATION OF FINANCIAL STATEMENTS

a) Basis of preparation and compliance with Ind AS

For all periods upto the year ended March 31, 2016, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India and complied with the accounting standards (Previous GAAP) as notified under Section 133 of the Companies Act, 2013 read together with Rule 7 of the Companies (Accounts) Rules, 2014, as amended, to the extent applicable, and the presentation requirements of the Companies Act, 2013.

In accordance with the notification dated February 16, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (Ind AS) notified under Section 133 read with Rule 4A of Companies (Indian Accounting Standards) Rules, 2015, as amended, and the relevant provisions of the Companies Act, 2013 (collectively, "Ind ASs") with effect from April 1, 2016 and the Company is required to prepare its financial statements in accordance with Ind ASs for the year ended March 31, 2017 and succeeding years.

The financial statements for the year ended March 31, 2020 (the "Ind AS Financial Statements") have been prepared in accordance with Ind AS.

b) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, including derivative financial instruments which have been measured at fair value as described below and defined benefit plans which have been measured at actuarial valuation as required by relevant Ind ASs.

Fair value measurement

Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

c) Functional and presentation currency

These Ind AS Financial Statements are prepared in Indian Rupee which is the Company's functional currency.

All financial information presented in Rupees has been rounded to the nearest rupee.

RAKAN STEELS LIMITED

Notes to the Ind AS financial statements for the year ended March 31, 2020

SIGNIFICANT ACCOUNTING POLICIES

The Company has applied following accounting policies to all periods presented in the Ind AS Financial Statement.

a) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, net of discounts, volume rebates, outgoing sales taxes and other indirect taxes excluding excise duty.

Excise duty is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to Company on its own account, revenue includes excise duty. However, GST is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the Government. Accordingly, it is excluded from revenue.

Revenue from sales is recognised when all significant risks and rewards of ownership of the commodity sold are transferred to the customer, which generally coincides with delivery. Revenues from sale of by products are included in revenue.

b) Property, Plant and Equipment

(i) Property, plant and equipment

The Company has applied Ind AS 16 with retrospective effect for all of its property, plant and equipment as at the transition date, viz., 1 April 2015. The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, attributable borrowing cost and any other directly

attributable costs of bringing an asset to working condition and location for its intended use. It also includes the present value of the expected cost for the decommissioning and removing of an asset and restoring the site after its use, if the recognition criteria for a provision are met.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to the statements of profit and loss in the period in which the costs are incurred. Major inspection and overhaul expenditure is capitalized if the recognition criteria are met when significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as are placement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within other income/other expenses in statement of profit and loss.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognised. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(ii) Depreciation

Assets in the course of development or construction and freehold land are not depreciated. Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use. Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a written down value basis over its expected useful life (determined by the management based on technical estimates), as follows:

The estimated useful lives of assets are as follows:

- Buildings 60 years
- Plant and equipments 15 years
- Furniture and fixtures 8 years

- Vehicles 8 years
- Office equipments 5 years
- Laboratory equipments 5 years
- Electrical Installations and equipments 10 years
- Computer and data processing units 3-10 years
- Individual items of assets costing up to Rs. 5,000 are fully depreciated in the year of acquisition.

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Depreciation methods, useful lives and residual values are reviewed at each financial year end and changes in estimates, if any, are accounted for prospectively.

c) Intangible assets

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite. The Company currently does not have any intangible assets with indefinite useful life. Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

d) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

e) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and bank balance, as defined above.

**f) Inventories**

Inventories are valued at the lower of cost and net realisable value except scrap which are valued at net realisable value. Costs incurred in bringing the inventory to its present location and conditions are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and apportionment of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on FIFO basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Obsolete inventories are identified and written down to net realisable value. Slow moving and defective inventories are identified and provided to net realisable value.

Inventory includes non-current item in form of purchase of land kept in and accounted as Stock-In-Trade.

g) Taxation**(i) Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of un used tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Expenses and assets are recognised net of the amount of sales/ value added taxes paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of tax included, the net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

**h) Retirement Benefits**

The company has not provided for any retirement benefits including gratuity.

i) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

j) Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

k) Use of Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.
