MANAGEMENT DISCUSSION AND ANALYSIS

The Management of RANJAN POLYESTERSLIMITED present its analysis report covering performance and outlook of the Company. The report has been prepared in compliance with corporate governance requirement as laid down in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The management accepts responsibility for the integrity and objectivity of the financial statement. However, investors and readers are cautioned that this discussion contains certain forward looking statements that involve risk and uncertainties.

INDUSTRY STRUCTURE AND DEVELOPMENT:

The Indian Textile industry occupies an important place in the economy of the country because of its contribution to the industrial output, employment generation and foreign exchange earnings.

OPPORTUNITIES AND THREATS:

The future looks bright for the Indian textile industry. There are positive drivers which indicate future growth opportunities. The Government supports in modernization of the industry with a particular focus on closing the gaps in the textile value chain. To convert the potential into reality, the country first of all needs entrepreneurs who are willing to invest. Investment prospects depend on a business-friendly environment and good business expectations. The Government has taken several measures to create those positive impulses. But there are still some improvements possible. The industry waits for the proposed reforms in labour law, support to develop a skilled work force and programs to bind talents to be able to translate market needs into quality products. Additionally, the industry is vulnerable to its overdependence on western markets and had not sufficiently embraced new technology to remain competitive against China, Korea and Indonesia. Moreover, the textile industry is fiercely competitive and this remains as one of the major concerns as the threat of competition arises from organized as well as disorganized sector.

Nevertheless, to fully tap the growth opportunities, the industry needs to focus on consolidation and modernization of weaving, processing and garmenting capacities to ensure optimum productivity and improved quality. On part of the government, labour laws reforms should be implemented at the earliest to encourage new investments.

OPERATIONAL REVIEW:

Please refer to the paragraph under the heading “Financial Results” and “Operational Review” in the main Directors’ Report.

SEGMENTWISE PERFORMANCE:

The Management reviewed the disclosure requirement of Segment wise reporting and is of the view that since the company’s products are covered under Textile Industry which is single business segment in terms of AS-17 and therefore separate disclosure on reporting by business segment is not required.

OUTLOOK:

The outlook for the Indian textile industry looks ‘positive’ for medium to long term, buoyed by both strong domestic consumption as well as export demand. The future of the textiles industry seems to be bright in all aspects. As such Government places all its trust and relies sector for its strong ‘employment creation’ capability, more precisely in the garments manufacturing side. Lowering tax burdens on companies will play an important part in cutting down production costs and boosting competitiveness, increasing ability to tap high volume orders from the global market. Modernization would enable companies provide

quality and volume solutions which is in constant demand by international buyers. This is expected to perfectly match with Govt. of India's new focus to revive manufacturing industry with textile as key segment in its 'Make in India' program. Besides, the growth in Indian middle class, which remain to be target consumers for many companies, provides a great market opportunity for textiles. So, in the medium to long-term perspective, the Indian textile industry is expected to not just benefit from exports but also from huge domestic market.

The Company is strengthening the quality of its products and reduces the conversion cost. These initiatives are expected to positively influence the working of the Company.

RISKS MANAGEMENT:

The risk management framework of the company ensures compliance with the requirements of the Companies Act, 2013. The Company is exposed to risks from competitions, interest rates, market fluctuations of foreign exchange, compliance risk, raw material price risks and people risks. It has institutionalized the procedure for identifying, minimizing and mitigating risks and the same are reviewed periodically. Your Company has identified the following aspects as the major risks for its operations:-

- **COMPETITIVE RISK**

The threats to the Company's product includes severe competition both in domestic and international markets leading to pricing pressures of finished goods, inflation, foreign exchange fluctuation, volatility in input cost, cotton crop, interest rates, power cost etc. Government Policies also play major role in the growth of the Industry. Online trades and fast fashions are the biggest competitive risk in present scenario. Investments in the industries have started picking up with no barriers for entry of new players. Your Company continues to focus on increasing its market share and focusing more on Quality, Cost and Timely delivery that help create differentiation and provide optimum service to its customers to expose competition risk.

- **FINANCIAL(FUNDING RISK)**

Any increase in interest rate can affect the finance cost. The Company's policy is to borrow long term borrowing in Indian Rupee to avoid any rate variation risks. The Company has adopted a prudent and conservative risk mitigation strategy to minimize interest costs.

- **FOREIGN EXCHANGE RISK**

Foreign exchange risks are quantified by identifying contractually committed future currency transactions. The Company's policy is to hedge all long term foreign exchange risk as well as short term exposures within the defined parameters.

- **COMPLIANCE**

The Company is exposed to risks attached to various statutes and regulations including the Competitions Act. The Company is regularly monitoring and reviews the changes in regulatory framework and also monitoring its compliance mechanism so as to ensure that instances of non-compliance do not occur.

- **RAW MATERIAL PRICE RISK**

The Company is exposed to the risk of raw material prices of Polyester, Viscose, P/V blended yarn, Cotton Yarn. The Company hedges this risk by purchasing the required raw material at the time of booking of sales contracts. Also this risk is being managed by way of inventory management and forward booking.

- **HUMAN RESOURCES RISK**

Retaining the existing talent pool and attracting new manpower are major risks. The Company hedges this risk by setting benchmark of the best HR practices and carrying out necessary improvements to attract and retain the best talent. The Company has initiated various measures such as rollout of strategic talent management system, training and integration of learning activities.

- **ENVIRONMENT AND SAFETY**

The company is conscious of the need for environmentally clean and safe operations. The Company Policy requires the conduct of all operations in such manner so as to ensure safety of all concerned, compliance of statutory and industrial requirements for environment protection and conservation of natural resources to the extent possible.

INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY:

Your Company has an effective internal control and risk mitigation system, which is constantly assessed and strengthened with new/revised standard operating procedures. The main thrust of the internal audit process is test and review of controls, independent appraisal of risks, business processes and benchmarking internal controls with best practices.

The Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen them. The Audit Committee of the Board of Directors, Statutory Auditors and Functional Heads are periodically apprised of the internal audit findings and corrective actions to be taken. Audit plays a key role in providing assurance to the Board of Directors.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

This part has been discussed in Board's Report.

HUMAN RESOURCE AND INDUSTRIAL RELATION:

The Company takes pride in the commitment, competence and dedication shown by its employees in all areas of business. The Company is committed to nurturing, enhancing and retaining top talent through superior Learning & Organization Development interventions. Corporate learning and Organization Development is a part of Corporate HR function. It is a critical pillar to support the organization growth and its sustainability over the long run.

DISCLOSURE OF ACCOUNTING TREATMENT:

In preparation of the financial statements, the Company has followed the Accounting Standards issued by ICAI. The significant accounting policies which are consistently applied are set out in the Annexure to Notes to the Accounts.

CAUTIONARY STATEMENT:

Statements in this Management Discussion and Analysis Report describing the Company's objectives, estimates etc. may be "Forward Looking Statements" within the applicable laws and regulations. Actual results may vary from these expressed or implied. Several factors that may affect Company's operations include Raw material prices, Government policies, Cyclical demand and pricing in the Company's main market and economic developments within India and countries in which the Company conducts its business and several other factors. The Company takes no responsibility for any consequence of decisions made based on such statements and holds no obligation to update these in the future.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF RANJAN POLYSTERS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Ranjan Polysters Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2020, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters (KAM) are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key Audit matters	Auditor's Response
Revenue from contracts with Customers (adjustment for claims, rebate and discounts)	
As disclosed in Note 2(M) to the standalone financial statement, revenue is measured based on contract price, which is the consideration, after deduction of estimated claims, rebated and discounts. Estimation of claims involves significant judgment and estimated. The estimation is dependent on various internal external	Our audit procedure included following: -Understanding the process followed by the Company to determine the amount of accrual of claims, rebates and discounts; -Assessing the accounting policies of the Company regarding accounting for claims rebates and discounts as against the criteria given in the accounting standards;

factors. These factors includes, for example, colour and quality of fabrics processed, when a services are rendered and when the claims takes place, some of which are beyond the control of the Company. The recognition and measurement of claims, rebates and discounts involves significant judgement and estimates, particularly the expected level of claims of each of the customers. Assumption of level of customer wise claims for rebates/discounts relates to estimating which of the Company's customers will ultimately be subject to a related rebate/ discount.

Evaluating the assumption of expected claims based on experience and level of customer wise claims for rebates/discounts underlying the estimate of accrual involve challenging auditor judgment. We identified the evaluation of accrual for claims, rebates and discounts as a key audit matter.

-Testing the Company's key internal controls related to the development of assumption of expected claims based on experience, of level of customer wise claims for rebates/ discounts and related accruals;

-Testing the Company's process and key internal controls over the accrual of claims, rebates and discounts. Selecting samples of revenue transactions. Rechecking accrual for claims, rebates and discounts calculated in accordance with the eligibility criteria mentioned in the work order;

-Checking completeness and accuracy of the data used by the Company for accrual of claims, rebates and discounts and also checking the accrual for a selected sample of services;

-Examining historical trend of claims to assess the assumptions and judgements used by the Company in accrual of claims, rebates and discounts. Evaluating the Company's ability to accurately estimate the accrual for claims, rebates and discounts.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are

reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
- (v) In our opinion and according to the information and explanations given to us, the company has not accepted any deposits within in the meaning of the provisions of Sections 73 to 76 or any other relevant provisions of companies act and the rules framed thereunder and the directives issued by Reserve Bank of India.
- (vi) As explained to us, the Central Government has prescribed maintenance of the cost records under section 148(1) of the Companies Act, 2013 in respect to the company's products. We are of the opinion that prima facie, the prescribed accounts and records have been made and maintained by the company. However we have not made detailed examination of such records.
- (vii) (a) According to the records of the company produced for our verification, the company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, custom duty, excise duty, value added tax, cess, Goods and Service Tax and any other statutory dues with appropriate authorities wherever applicable. According to the information and explanation given to us, no undisputed arrears of statutory dues were outstanding as on 31/03/2020 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and records of the Company, the statutory dues which have not been deposited on account of disputes are as under:-

Name of statute	Nature of Dues	Amount (Rs. in Lacs) (Net of Deposit)	Period to which the Amount Disputed (Financial Year)	Dispute Pending with Appropriate authorities
Textile Committee Act 1963	Textile Cess	36.01	2001-2006	Textile Committee Mumbai

- (viii) According to the records of the Company and information given to us, we are of the opinion that the company has not defaulted in repayment of Loans or Borrowings to Financial Institutions, Banks, Government. There are no debenture holders of the Company.
- (ix) The company has not raised any money by the way of Initial Public Offer or Further Public Offer (including debt instruments). The term loans raised during the year have been applied for which those were raised.
- (x) According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) As explained and informed to us by the management the company has not entered into any non cash transaction with the directors or person connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) The company is not required to be registered under Section 45IA of the Reserve Bank of India Act, 1934.

Annexure - B to the Independent Auditors' Report on Financial Statements of Ranjan Polysters Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ranjan Polysters Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and best to the our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes on Financial statements for the year ended 31st March, 2020

NOTE-1	<p>COMPANY OVERVIEW</p> <p>RANJAN POLYSTERS LIMITED is a Public limited company incorporated on 27th August, 1990 having its registered office at 11-12TH, K.M. STONE, CHITTORGARH ROAD, GUWARDI, BHILWARA, RAJASTHAN, INDIA. The Company corporate identification No. is L24302RJ1990PLC005560. The company is engaged in processing of synthetics fabrics.</p>
NOTE-2	<p>SIGNIFICANT ACCOUNTING POLICIES</p>
A)	<p>Basis of Preparation of Accounts</p> <p>The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the companies Act, 2013 (the act) read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.</p> <p>The financial statements have been prepared on historical cost basis except for the following:</p> <ul style="list-style-type: none"> (i) Financial instruments measured at fair value through Profit and Loss. (ii) Financial instruments measured at fair value through other comprehensive income. (iii) Defined benefit plans measured at fair value.
B)	<p>Functional and Presentation Currency</p> <p>The financial statements are prepared in Indian Rupees ("INR") which is the Company's presentation currency and the functional currency for all its operations. All financial information presented in INR has been rounded to the nearest lakhs with two decimal places unless stated otherwise.</p>
C)	<p>Classification of Assets and Liabilities as Current and Non Current</p> <p>All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realization in cash and cash equivalent, the Company has determined its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.</p> <p>Deferred tax assets and liabilities are classified as non-current assets and liabilities.</p>
D)	<p>Use of estimates and critical accounting judgements</p> <p>The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.</p>
E)	<p>Property, plant and equipment</p> <p>Property, plant and equipment are initially recognized at cost including the cost directly attributable for bringing the asset to the location and conditions necessary for it to be capable of operating in the manner intended by the management. After the initial recognition the property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. Any gain or loss on disposal of an item of property, plant and equipment is recognized in the statement of profit and loss.</p>

	<p>Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.</p> <p>The Company has opted for an exemption provided by the Indian Accounting Standard (Ind As)-101. Accordingly the carrying value for all Property, plant and Equipment recognized in the financial statements, as at the date of transition to Ind AS i.e 01.04.2016 measured as per previous GAAP and use that carrying value as deemed cost of Property, plant and Equipment.</p> <p>Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date.</p>
F)	<p>Depreciation and amortisation of property, plant and equipment and intangible assets</p> <p>Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on PPE has been provided based on useful life of the assets in accordance with Schedule II to the Companies Act, 2013, on Written Down Value Method.</p> <p>Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate. Profit and loss on disposals are determined by comparing proceeds with carrying amount. These are included in statement of profit and loss.</p>
G)	<p>Government Grants</p> <p>Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grant will be received.</p> <p>Government grants relating to income are determined and recognised in the statement of profit and loss over the period necessary to match them with the cost that they are intended to compensate and presented within other income.</p> <p>Government grants relating to the property, plant and equipment are credited to deferred revenue income on account of capital subsidy and recognised in profit and loss on a systematic basis over the period in which entity recognises as expenses the related costs for which the grants are intended to compensate.</p>
H)	<p>Impairment of Non-Financial Assets</p> <p>At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount. Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.</p>

I)	<p>Employee benefits</p> <p>Short Term Employee Benefits Short term employee benefits consisting of wages, salaries, social securities contributions, ex-gratia and accrued leave, are benefits payable & recognised in twelve months. Short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised undiscounted during the year as the related service are rendered by the employee.</p> <p>Defined contribution plans Defined contribution plans Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.</p> <p>Defined benefit plans For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability/(asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/(asset) is treated as a net expense within employment costs. Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation as reduced by the fair value plan assets. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised based on actuarial valuation at the present value of the obligation as on the reporting date.</p> <p>As required by Ind AS 19 'Employee Benefits', the discount rate used to arrive at the present value of the defined benefits, obligations is based on the Indian government security yields prevailing as at the Balance Sheet date that have maturity date equivalent to the tenure of the obligation.</p>
J)	<p>Inventories Raw materials, packing materials and stores, work in progress, and finished goods are stated at the lower of cost and net realisable value; cost is calculated on weighted average basis. In respect of finished goods, cost includes materials, appropriate share of utilities, and other overheads. Cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the price at which the inventories can be realised in the normal course of business after allowing for the cost of conversion from their existing state to a finished condition and for the cost of marketing, selling and distribution.</p>
K)	<p>Provisions, Contingent Liabilities & Contingent Assets A. Provisions are recognized when the Company has a present obligation as a result of past events and it is probable that the outflow of resources will be required to settle the obligation and in respect of which reliable estimates can be made. A disclosure for contingent liability is made when there is a possible obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision/ disclosure is made. Provisions and contingencies are reviewed at each balance sheet date and adjusted to reflect the correct management estimates. Contingent assets are not recognized but are disclosed separately in financial statements.</p> <p>B. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate, the risks specific to the liability.</p>
L)	<p>Taxes on Income</p> <p>Current Tax Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit</p>

and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction. Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other Comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

M)

Revenue Recognition

Sale of services

Revenue from rendering of services is recognised when the performance of agreed contractual task has been completed. The Company measured at the value of the consideration received or receivable and recognizes when the amount of revenue can be reliably measured; it is probable that future economic benefits will flow to the Company. Amounts disclosed as revenue are excluding claims, rebates, discounts and Goods & services Tax (GST).

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

N)

Foreign currency transactions and translations

The financial statements of the Company are presented in Indian rupees (₹), which is the functional currency of the Company and the presentation currency for the financial statements.

Foreign currency transactions are translated into the functional currency using exchange rate at the date of transaction. Foreign exchange gains and losses from settlement of these transactions are recognised in the statement of profit and loss.

Foreign currency denominated monetary assets and liabilities are translated into functional currency at the exchange rate in effect at the balance sheet date, the gains or losses arising from such transactions are recognised in the statement of profit and loss.

Nonmonetary items carried at fair values that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are

	<p>measured in terms of historical cost in a foreign currency are not translated. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.</p>
O)	<p>Borrowing costs General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.</p> <p>Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.</p>
P)	<p>Segment Reporting The Company is engaged in the processing of Fabric on Job work basis which constitute a single business segment. In view of this, primary and secondary reporting disclosures for business /geographical segment as envisaged in IND AS-108 are not applicable to the company.</p>
Q)	<p>Financial Instruments A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.</p>
i	<p>Financial assets</p> <p>a. Classification The company classify its financial assets in the following measurement categories</p> <ul style="list-style-type: none"> • Those to be measured subsequently at fair value (either through other comprehensive, or through Statement of profit and loss), and • Those measured at amortised cost. <p>The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.</p> <p>b. Initial recognition and measurement All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place [regular way trades] are recognised on the settlement date, i.e., the date that the Company settles to purchase or sell the asset.</p> <p>c. Subsequent measurement: For purposes of subsequent measurement, financial assets are classified in following categories:</p> <p>i) Debt Instrument at amortised cost: 'Debt instrument' is measured at the amortised cost if both the following conditions are met: (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.</p> <p>ii) Debt Instrument at FVTOCI: Debt instruments are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the</p>

contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Debt instruments included within the FVTOCI category are measured at fair value with all changes recognized in the Other Comprehensive Income.

iii) Debt Instrument at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

iv) Equity Instruments measured at FVTOCI or FVTPL: All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and loss.

v) Equity instruments measured at Cost: Equity investments in subsidiaries / joint ventures / associates are accounted at cost.

d) Derecognition:

- A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:
- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

- When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.
- Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

e) Impairment of financial assets:

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

i) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance

ii) Trade receivables - The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Financial Liabilities and Equity Instruments

(i) Classification

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Financial liabilities

The Company classifies its financial liabilities in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss, and
- those measured at amortised cost.

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL, other financial liabilities are measured at amortised cost at the end of subsequent accounting periods.

(ii) Measurement

Equity instruments

Equity instruments issued by the Company are recognised at the proceeds received. Transaction cost of equity transactions shall be accounted for as a deduction from equity.

Financial liabilities

At initial recognition, the Company measures a financial liability at its fair value net of, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue of the financial liability. Transaction costs of financial liability carried at fair value through profit or loss are expensed in profit or loss. Subsequent measurement of financial liabilities depends on the classification of financial liabilities.

There are two measurement categories into which the Company classifies its financial liabilities:

- **Fair value through profit or loss (FVTPL):** Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognized in profit or loss.
- **Amortised cost:** Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

iii	<p>Derecognition of financial liabilities: A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss.</p> <p>Offsetting of financial instruments Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.</p>
R)	<p>Leases At the commencement of a lease, the Company recognises a right of use asset and a lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.</p> <p>The lease liability is measured at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined otherwise incremental borrowing rate is used to discount the lease payments.</p> <p>The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, less lease payments made. The right-of-use asset measured at inception at the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred. The right of use assets is subsequently measured at cost less any accumulated amortization, accumulated impairment losses, if any. Right-of-use assets are amortized on straight line basis over the shorter period of lease term and useful life of the underlying asset. The right of use assets is presented separately on the face of the Balance sheet as 'Right of Use Assets' and lease liability is presented within 'other financial liabilities' classified as current and non-current.</p>
S)	<p>Earnings Per Share</p> <p>Basic earnings per Share Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.</p> <p>Diluted earnings per share Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.</p>
T)	<p>Cash Flow Statement Cash flows are reported using the indirect method, as set out in Ind AS 7 'Statement of Cash Flows', whereby profit before tax for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.</p>

U)	<p>Cash and Cash Equivalents</p> <p>For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheque on hand, balance with bank on current account and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.</p>
V)	<p>Fair Value Measurement</p> <p>The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.</p> <p>All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:</p> <p>Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities</p> <p>Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.</p> <p>Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.</p>

38 Leases

The Company's lease assets primarily consist of leasehold land. Effective April 1, 2019, the Company adopted Ind AS 116, Leases and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Accordingly, the comparatives for the year ended March 31, 2019 have not been retrospectively adjusted.

Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and the ROU asset at its carrying amount as if the standard had been applied since the commencement date of the lease, but discounted at the rate of 9.85% at the date of initial application.

The adoption of the standard resulted in recognition of Right-of-use assets (ROU) of Rs. 0.55 lakhs and a lease liability of Rs. 0.02 lakhs. The cumulative effect of applying the standard resulted in Rs. 0.21 lakhs being debited to retained earnings. Although, the effect of this adoption is insignificant on the profit for the year and earnings per share. Ind AS 116 has resulted in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.
