xix. Route map of the AGM venue, pursuant to the Secretarial Standard on General Meetings, is also annexed at the end of this Notice.

xx. **Voting Through Electronic Means:**

- i. In compliance with provisions of Section 108 of the Companies Act, 2013 read with rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2016 and as per Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 ('Listing Regulations'), the Company is pleased to provide its members with the facility of voting through electronic means in respect of business to be transacted at the 31st Annual General Meeting and the business may be transacted through e-voting services provided by CDSL.
- ii. The facility of voting through ballot paper/electronic means shall also be made available for the members at the meeting who have not been able to vote electronically and who are attending the meeting. The members who have cast their vote electronically would be entitled to attend the meeting but would not be permitted to cast their vote again at the meeting.
- iii. Pursuant to SEBI (LODR) Regulations, 2015 and such other provisions as may be applicable, the Board of Directors had fixed Friday, 24th September, 2021, as cut-off date for determining the Members who shall be entitled to vote through remote e-voting or physical ballot/e voting at the AGM. A member who is not a member as on the cut-off date shall treat this notice for information purpose only.
- iv. The remote e-voting period commences on Monday, 27th September, 2021 at 10:00 A.M. (IST) and will end on Wednesday, 29th September, 2021 at 05:00 P.M. (IST). During this period, members of the Company, holding shares either in physical form or in dematerialized form, as on the close of working hours on Friday, 24th September, 2021 ('Cut-off date') may cast their vote electronically. The remote e-voting module shall be disabled by CDSL for voting on Wednesday, 29th September, 2021 after 5:00 P.M. IST. Once the vote on a resolution is cast by the member, he/she shall not be allowed to change it subsequently.
- v. The members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.
- vi. The shareholders can opt for only one mode of voting i.e. remote e-voting or physical polling at the meeting. In case of voting by both the modes, vote casted through remote e-voting will be considered final and voting through physical ballot will not be considered.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING ARE AS UNDER:

- i. The voting period begins on <10:00 a.m. of September 27 2021> and ends on <05:00 p.m. of September 29, 2021>. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of <September 24, 2021> may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iii. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

[Pursuant to Regulation 34 read with the Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]

The Management of the Company is pleased to present its report on Industry Scenario including Company performance during the financial year 2020-21.

ECONOMIC OVERVIEW

In spite of another tough year, India's economy has been the fastest growing major economy in the world and is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. In the midst of this journey, the pandemic resulted in an unprecedented health crisis, prompting countries to implement lockdowns that led to a meltdown in economic activity. In this situation, global GDP growth is expected to have contracted by 3.3% in 2020 as against 2.8% in 2019 as per the International Monetary Fund (IMF).

Voluntary social distancing and lockdown restrictions brought steep income losses and dented consumer confidence worldwide. Firms became conservative in their investments when faced with negative demand shocks, supply interruptions, and uncertain future earnings prospects. The implementation of a national lockdown on March 24, 2020 (i.e. on the eve of the new FY21 fiscal year), brought economic activity to a halt, affecting both production and consumption. India's GDP growth was negative in the first half of the fiscal year (April to September 2020) and only modestly positive in the second half. Over the entire FY21, India's economy is estimated to have contracted by 8%. The combined impact of demand compression and supply disruptions led to an unprecedented decline in fixed investment, private consumption and exports, with overall GDP contracting 24.4% in Q1 of FY 2020. Even the second quarter was terrible, with GDP shrinking by 7.3% in July-September 2020. The third quarter (October-December 2020) saw a small positive growth of 0.4% compared to the same period in the previous year

The response of the Government to the COVID-19 outbreak has been swift and comprehensive. To revive the economy, the government announced the Atmanirbhar Bharat Package to strengthen infrastructure logistics, capacity building, governance and administrative reforms. The Government implemented the policy package to mitigate the impact on the poorest households (through various social protection measures) as well as on small and medium enterprises (through enhanced liquidity and financial support).

Structural reforms initiated by the government have helped restrict the fatality rate in India to 1.2% - one of the lowest in the world. However, over recent months, the unexpected second wave of the virus has started spreading rapidly which could impact recovery pace of the Economy. The RBI has projected FY22 GDP growth at 10.5%, while IMF and World Bank put it at 12.5% and 10.1% respectively.

OUTLOOK

The emergence of the more intense second wave with still mutating virus strains has posed significant challenges to the fragile economic recovery. The IMF has lowered India's economic growth forecast to 9.5% for FY22, as renewed lockdowns albeit localised dampened sentiments.

INDUSTRY OVERVIEW

Non-banking financial companies (NBFCs) are used to enhance the mainstream banking system in the financial intermediation process and financial inclusion. NBFCs play a significant role in nation building and financial sector and have been recording higher credit growth compared to scheduled commercial banks (SCBs) over the past few years. Further, contraction of activity in 2020 on account of COVID-19 Pandemic led to incremental slowdown.

In order to mitigate the impact of Covid-19 pandemic, the Government of India and the Reserve Bank of India came up with stimulus package and announced various schemes such as Emergency Credit Line Guarantee Scheme (ECLGS), Partial Credit Guarantee Scheme (PCGS), Special Liquidity Scheme (SLS), extension of Credit Linked Subsidy scheme for MIG under PMAY(U), Targeted Long-Term Repo Operations (TLTRO), Moratorium etc., clearly laying down the vision for NBFCs and thus facilitated a strong recovery in second half of the year

Since the last decade, the NBFC sector has held critical importance in the Indian Financial Services sector. The main objective of NBFCs has been serving the underserved segment of the Indian economy such as MSME, microfinance and other retail segments. NBFCs are harnessing technology to reinvent traditional business models and offer loans in a faster, customised and more convenient way to the underbanked population of India.

OUTLOOK

In the midst of Covid-19 pandemic, the NBFC sector remained flat last year, the outlook for FY22 still surrounds the evolving uncertainties of the second wave of COVID. The severity of infections and effect of lockdown on business on NBFC asset quality will only become apparent over time.

According to a report by Credit Rating Agency, ICRA Ltd, the NBFC sector may see a growth of 7-9% (excluding infra NBFCs and HFCs) in FY22. To achieve the expected growth in FY22, additional funding lines would be crucial apart from the existing lines.

RESPONSE OF COVID-19 (2ND WAVE)

With the gradual unlocking of the economy from May/June 2020, signs of stabilization appeared and real GDP growth recorded sequential upturn in Q2 of FY-2021 and regained positive growth in Q3 of FY-2021. On the supply side, the sustained resilience of agriculture was complemented by the momentum in manufacturing and services sectors. As a result, both GDP and Gross Value Added (GVA) growth turned positive from Q3 of FY-2021.

Risks to economic activity continue with the second-wave of COVID-19 from March 2021. Given the sharp meltdown in economic activity during the lockdown, FY 2021 GDP growth is expected at (-)7.3% (as against

4% in FY 2019-20), according to the National Statistical Office(NSO). On value added basis, the NSO has projected real GVA growth at (-)6.2% for FY 2020-21 compared to 4.1% in FY 2019-20.

Ind-AS accounting could impinge on the balance sheet risks, especially asset quality and provisioning; finances of NBFC-MFIs; contagion from Mutual Funds due to redemption pressures and customer confidence.

NBFCs have brought the sector under greater market discipline. NBFCs are expected to grow and to increase their share in the market in near future.

THE COMPANY

Your company is one of the leading Indian Financial Institution specializing in providing debt financing to MSMEs and consumers in India. The founding theme of Genesis Finance is financing India's 50 million MSMEs and its emerging middle class, with a differentiated model, based on new technologies provides a large and unique opportunity. Genesis has been in the business for more than 25 years and was amongst the first 25 NBFCs registered with RBI.

Unlike traditional models of financing, Genesis Finance successfully creates innovative financial solutions for you and your business to fulfill all your financing needs. The company provides financing for various purposes like business expansion, working capital loans, car loans, home loans and personal loans.

As a result of its deeply embedded risk culture and robust risk management practices, the Company's portfolio quality as of 31 March 2021 continues to remain strong.

SEGMENT WISE PERFORMANCE

The Company is a Non-Banking Finance Company (NBFC). It is engaged in the business of financing which is the only segment in the Company. Hence, the results for the year under review pertain to only financing activity.

OPPORTUNITIES & THREATS

❖ Opportunities

NBFCs have served the unbanked customers by pioneering into retail asset-backed lending, lending against securities and microfinance. Following variables in the external environment may be seen as opportunities for the Company:

- NBFCs aspire to emerge as a one-stop shop for all financial services;
- The sector has witnessed moderate consolidation activities in recent years, a trend expected to continue in the near future;
- New banking license-related guidelines issued by RBI place NBFCs ahead in competition for licenses owing largely to their rural network;
- New RBI guidelines on NBFCs with regard to capital requirements, provisioning norms & enhanced disclosure requirements are expected to benefit the sector in the long run.

❖ Threats

Being an NBFC, the Company has to face various threats as under mentioned;

- High cost of funds;
- Financial services companies often compete on the basis of offering lower financing rates, higher deposit rates and investment services;
- Competition from other NBFCs and banks;
- Stringent regulatory norms prevent new entrants

OUTLOOK

NBFC's has played an important role in the economic growth and financial inclusion. As the economy grows larger and continue to develop, the need for credit will rise disproportionately which will provide an opportunity to NBFC's to shine and increase their market share. In order to sustain in the Competitive market, the Company is following a customer relationship approach by raising the level of customer service and also focusing on certain areas through optimizing the funding costs, identification of potential business areas, widening geographical reach, cost efficiencies, strict credit monitoring, etc.

With the initiatives taken by the government to promote the growth of NBFC's in India, there is a potential for the Company to increase its market share in coming years.

RISKS AND CONCERNS

The Company operates in an environment which is affected by various risks, some of which are identifiable and controllable. Some others are unexpected and cannot be controlled. Under these conditions, proper identification and management of risks is very important in determining the ability of the organization to sustain value creation for its stakeholders.

The Company has a proper Risk Management Committee which effectively identifies, measure, report, monitor and control operational risks. Identification and management of risk is a continuous process in the Company. Risk Management Committee works rigorously towards it. The Company is constantly on vigil to understand the changes at the market place from time to time. Timely and effectively risk management is a key to success considering the increased competition in the market.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an effective internal control system to evaluate the adequacy of all internal controls, its processes and ensures strict adherence to clearly laid down processes as well as to the prescribed regulatory and legal framework. The Company's Internal Control System commensurate with its size and the nature of its operations with an aim to provide reasonable assurance that all assets are safeguard from unauthorized use, recording and providing reliable financial and operational information, ensuring compliance with applicable statues and corporate policies. It evaluates the adequacy of all internal controls and processes and ensures strict adherence to clearly laid down processes and procedures as well as to the prescribed regulatory and legal framework.

A well-established, independent Internal Audit function is responsible for providing independent assurance on Company's system of internal controls, risk management and governance processes.

The Audit Committee of the Board of Directors regularly reviews the internal audit reports and the adequacy and effectiveness of internal controls.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company recognizes people as its most valuable asset and it has built an open, transparent and meritocratic culture to nurture this asset. Employees are central as well as critical to the Company as they are the real assets of the organization. The Company believes in retaining high caliber employees while engaging and nurturing them to achieve great heights in the area of operations. The employee relationship with the company remained harmonious throughout the year.

The Company had 11 permanent employees on the rolls of the Company as at March 31, 2021.

**STANDALONE FINANCIAL
STATEMENTS FOR THE FINANCIAL
YEAR 2020-2021**

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GENESIS FINANCE COMPANY LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **GENESIS FINANCE COMPANY LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matters

Key audit matter	How the matter was addressed in our audit
<p>Subjective estimates</p> <p>Recognition and measurement of impairment f loans and advances involve significant management judgment. Under Ind AS 109, Financial Instruments, allowance for loan losses is determined using expected credit loss (ECL) model. The company’s impairment allowance is derived from estimates including the historical default and loss ratios. Management exercises judgement in determining the quantum of loss based on a range of factors. The most significant areas are:</p> <ul style="list-style-type: none"> • Segmentation of loan book • Determination of exposure at default • Loan staging criteria • Calculation of probability of default/loss given default • Consideration of probability weighted scenarios and forward looking macro economic factors • Complexity of disclosures • There are many data inputs required by the ECL model. This increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model. In some cases, data is unavailable and reasonable alternatives have been applied to allow calculations to be performed. 	<p>Our audit procedures included</p> <p>Design/ Controls:</p> <ul style="list-style-type: none"> • Evaluation of the appropriateness of the impairment principles used by the management based on the requirements of Ind AS 109, our business understanding and industry practice. • Assessing the design and implementation of key internal financial controls over loan impairment process used to calculate the impairment charge. • Understanding management’s revised processes, systems and controls implemented in relation to impairment allowance process, particularly in view of COVID-19 regulatory package. • Evaluating management’s control over collation of relevant information used for determining estimates for management overlays on account of COVID-19. • Testing the controls over “Governance Framework in line with the RBI guidance. • Testing of review controls over measurement of impairment allowances and disclosures in financial statements
<p>Classification norms for NPAs</p> <p>The RBI guidelines on income recognition and asset classification (“IRAC”) prescribe the prudential norms for identification and classification of non-performing assets (“NPA”) and the minimum provision required for such assets.</p>	<p>Substantive tests</p> <ul style="list-style-type: none"> • Focus on appropriate application of accounting principles, validating completeness and accuracy of the data and reasonableness of assumptions used in the model. • Involving our specialists to test the model

<p>The NBFCs are required to have Board approved policy as per IRAC guidelines for NPA identification and provision. They are also required to apply its judgement to determine the identification and provision required against NPAs by applying quantitative as well as qualitative factors. The risk of identification of NPAs is affected by factors like stress and liquidity concerns in certain sectors.</p> <p>The provision on NPA is estimated based on ageing and classification of NPAs, recovery estimates, nature of loan product, value of security and other qualitative factors and is subject to the minimum provisioning norms specified by RBI and approved policy of the NBFC in this regard.</p> <p>The management of the Bank also made an assessment of the impact on borrowers' account due to COVID-19 pandemic and in line with the COVID-19 Regulatory Package announced by the RBI in respect of moratorium and restructuring of advances as relief measures to the borrowers.</p>	<p>methodology and reasonableness of assumptions used, including management overlays.</p> <ul style="list-style-type: none"> • Test of details over calculation of impairment allowance for assessing the completeness, accuracy and relevance of data. • Model calculations testing through performance where possible. • The appropriateness of management's judgements was also independently reconsidered in respect of cacluation methodologies, segmentation, economic factors, the period of historical loss rates used and the valuation of recovery assets and collaterals. • Assessing the appropriateness of management rationale for determination of criteria for SICR considering both: adverse effects of COVID 19 and mitigants in the form of the RBI/Government financial relief package. • Assessing the appropriateness of changes made in macroeconomic factors and management overlays to calibrate the risks that ate not yet fully captured by the existing model. • Checked the reasonableness of management's assessment of grading of severity of impact of COVID 19 on segments of its loan portfolio and the resultant impairment provision computed. • Assessing the factual accuracy and appropriateness of the additional financial statements disclosures made by the company regarding impact of COVID 19. • Considered the appropriateness of disclosures relating to financial risk management including those relating to ECL provision on loans and advances.

The Company's Board of Directors is responsible for the other information. The other information

comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the Standalone Financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

-
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

-
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.
- iv. The disclosures in the Standalone Financial Statements regarding the holdings as well as dealings in specified bank notes during the period from 8th November,2016 to 30 the December,2016 have not been made in the standalone financial statements since they do not pertain to the financial year ended 31st March,2021.

With respect to the matter to be included in the Auditors’ Report under Section 197(16):
In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are

required to be commented upon by us.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **Genesis Finance Company Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **GENESIS FINANCE COMPANY LIMITED** (the “Company”) as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal

financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of the management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to financial statements for the year ended 31st March 2021

1 Company overview

Genesis Finance Company Limited ('the Company'), incorporated in New Delhi, India, on 3rd July 1990 is a Non Deposit taking Non-Banking Financial Company ('NBFC') as defined under section 45-IA of the Reserve Bank of India ('RBI') Act, 1934. The Company provides lending services.

2 Significant accounting policies

2.1 Basis of preparation of financial statements

(A) Compliance with Ind-AS

The financial statements of the Company comply in all material aspects with Indian Accounting Standards ('Ind-AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act. Any directions issued by the RBI or other regulators are implemented as and when they become applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

(B) Presentation of financial statements

The Balance Sheet, the Statement of Changes in Equity and the Statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind-AS. The Statement of Cash Flows has been presented as per the requirements of Ind-AS 7 Statement of Cash Flows.

(C) Basis of preparation

The financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments and plan assets of defined benefit plans, which are measured at fair values at the end of each reporting period as explained in the accounting policies below. All amounts disclosed in the financial statements and notes have been rounded off to the nearest rupee (INR) in compliance with Schedule III of the Act, unless otherwise stated.

(D) Use of estimates and judgments

The preparation of financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions that affect the application of accounting policies and the reported

amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period.

Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the periods in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods. The estimates and judgments that have significant impact on the carrying amount of assets and liabilities at each balance sheet date are discussed in Note 3.

2.2 Financial Instruments

(A) Date of recognition

Financial assets and financial liabilities are recognized in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

(B) Initial measurement

Recognized financial instruments are initially measured at transaction price, which equates fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized immediately in the statement of profit and loss.

(C) Classification and subsequent measurement

(i) Financial assets

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the Company classifies and measures financial assets at Amortized cost only.

Financial assets carried at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows ('Asset held to collect contractual cash flows'); and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement and based on the assessment of the business model as asset held to collect

contractual cash flows and SPPI, such financial assets are subsequently measured at amortized cost using effective interest rate ('EIR') method. Interest income and impairment expenses are recognized in statement of profit and loss. Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognized in statement of profit and loss. The EIR method is a method of calculating the amortized cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. The Company records loans at amortized cost. These financial instruments are in the scope of expected credit loss ('ECL') calculation and are subject to impairment loss according to Ind AS 109.

(ii) Financial liabilities and equity instrument

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(a) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. An equity instrument issued by the Company is recognized at the proceeds received, net of directly attributable transaction costs.

(b) Financial liabilities

Financial liabilities are measured at amortized cost. The carrying amounts are determined based on the EIR method. Interest expense is recognized in statement of profit and loss. Any gain or loss on de-recognition of financial liabilities is also recognized in statement of profit and loss. Undrawn loan commitments are not recorded in the balance sheet.

(D) Reclassification

Financial assets are not reclassified subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line or in the period the Company changes its business model for managing financial assets. Financial liabilities are not reclassified.

(E) Derecognition

(i) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets)

is derecognized when:

- a) The contractual rights to receive cash flows from the financial asset have expired, or
- b) The Company has transferred its rights to receive cash flows from the asset and the Company has transferred substantially all the risks and rewards of the asset, or the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

If the Company neither transfers nor retains substantially all of the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for the amount it may have to pay.

If the Company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not de-recognized and the proceeds received are recognized as a collateralized borrowing.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognized in OCI is recognized in statement of profit and loss.

(ii) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying value of the original financial liability and the new financial liability with modified terms is recognized in statement of profit and loss.

(F) Impairment of financial assets

The Company applies the ECL model in accordance with Ind-AS 109 for recognizing impairment loss on financial assets. The ECL allowance is based on the credit losses expected to arise from all possible default events over the expected life of the financial asset ('lifetime ECL'), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12-month ECL. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is calculated on a collective basis, considering the non-retail nature of the underlying portfolio of financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. When determining whether the risk of default on a financial asset has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the Company's historical credit loss experience, current economic conditions, forward looking information and scenario analysis. The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). The Company has devised an internal model to evaluate the PD and LGD based on the parameters set out in Ind-AS 109. Accordingly, the financial assets have been segmented into three stages based on the risk profiles. The three stages reflect the general pattern of credit deterioration of a financial asset.

The Company categorizes financial assets at the reporting date into stages based on the days past due ('DPD') status as under:

- a) Stage 1: Low credit risk, i.e. 0 to 90 days past due
- b) Stage 2: Significant increase in credit risk, i.e. 91 to 180 days past due
- c) Stage 3: Impaired assets, i.e. more than 180 days past due

LGD is an estimate of loss from a transaction given that a default occurs. PD is defined as the probability of whether the borrowers will default on their obligations in the future. For assets which are in Stage 1, a 12-month PD is required. For Stage 2 assets a lifetime PD is required while most of the Stage 3 assets are considered to have a 100% PD. EAD represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Company.

The Company incorporates forward looking information into both assessments of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on the consideration of external actual and forecast information, the Company forms a 'base case' view of the future direction of relevant economic variables. This process involves developing two or more additional economic scenarios and considering the relative probabilities of each outcome. The base case represents a most likely outcome while the other scenarios represent more optimistic and more pessimistic outcomes.

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's ECL calculations are outputs of complex models with a number of underlying assumptions

regarding the choice of variable inputs and their interdependencies. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. The Company regularly reviews its models in the context of actual loss experience and makes adjustments when such differences are significantly material. Adjustments including reversal of ECL (if any) are recognized through the statement of profit and loss.

(G) Write offs

The gross carrying amount of a financial asset is written-off (either partially or in full) to the extent that there is no reasonable expectation of recovering the asset in its entirety or a portion thereof. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written-off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in statement of profit and loss.

(H) Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, the Company has a legally enforceable right to offset the recognized amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.3 Cash and cash equivalents

Cash and cash equivalents includes cash at banks and on hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

Bank overdrafts are shown within borrowings in working capital facilities in the balance sheet. The Company follows the policy of crediting the customer's account only on receipt of amount in the bank and as such no cheques in hand are taken into consideration.

2.4 Property, plant and equipment

(A) Recognition and measurement

Tangible property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment comprise purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Advances paid towards acquisition of property, plant and equipment outstanding at each balance sheet

date is classified as capital advances under other non-financial assets and cost of assets not put to use before such date are disclosed under Capital work-in-progress

(B) Subsequent expenditure

Subsequent expenditure incurred on assets put to use is capitalized only when it increases the future economic benefits / functioning capability from / of such assets.

(C) Depreciation, estimated useful lives and residual value

Depreciation is calculated using the written down value method to write down the cost of property and equipment to their residual values over their estimated useful lives in the manner prescribed in Schedule II of the Act. The estimated lives used and differences from the lives prescribed under Schedule II are noted in the table below:-

Type of Assets	Estimated useful life considered by the Company
Office Equipments	10 years
Electrical installations and Equipment	15 years
Motor Cars	8 years
Motor Cycles, scooter and other mopeds	10 years
Computers	3 years
Furniture & Fixtures	10 years
Buildings (other than factory buildings) RCC Frame Structure	60 years

The Company uniformly estimates five percent residual value for all these assets. Items costing less than Rs. 5,000 are fully depreciated in the year of purchase. Depreciation is pro-rated in the year of acquisition as well as in the year of disposal. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. Consequently, the useful life of certain computer-related assets, furniture and fixtures, office equipment and motor cars differ from the life prescribed in Schedule II of the Act.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the depreciation period or methodology, as appropriate, and treated as changes in accounting estimates.

Property, plant and equipment is de-recognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference

between the net disposal proceeds and the carrying amount of the asset) is recognized in other income/expense in the statement of profit and loss in the year the asset is de-recognized.

2.5 Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired due to events or changes in circumstances indicating that their carrying amounts may not be realized. If any such indication exists, the Company estimates the recoverable amount of the asset or the cash generating unit ('CGU'). If such recoverable amount of the asset or the recoverable amount of the CGU to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss.

If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the revised recoverable amount, subject to maximum of the depreciated historical cost.

2.6 Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but not distributed at the end of the reporting period, being appropriately authorized and no longer at the discretion of the Company. The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

During the current and previous years reported in the financial statements

2.7 Revenue recognition

(A) Income from lending business

Interest income

Interest income on a financial asset at amortized cost is recognized on a time proportion basis taking into account the amount outstanding and the effective interest rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fees received and cost incurred approximates the effective interest rate of return for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortized cost of the financial asset before adjusting for any expected credit loss

allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortized cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for ECLs).

Other financial charges

Cheque bouncing charges, late payment charges, prepayment charges and application money are recognized on a point-in-time basis, and are recorded when realized since the probability of collecting such monies is established when the customer pays.

2.8 Employee benefits

(A) Gratuity

The Company calculates a defined benefit gratuity plan that provides for gratuity benefit to all employees who have been in employment for at least one completed year. The Company does not make any contributions to fund.

The provision of gratuity is an amount equivalent to 15 days basic salary payable for each completed year of service. Vesting occurs upon completion of five years of service.

2.9 Provisions and contingences

The Company recognizes a provision when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that may arise from past events but probably will not require an outflow of resources to settle the obligation.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resource is remote, no provision or disclosure is made. Contingent assets are neither recognized nor disclosed in the financial statements.

2.10 Leases

All leases are accounted for by recognizing a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less.

2.11 Goods and services tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognized net of the goods and services tax paid, except when the tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

The net amount of tax recoverable from, or payable to, the tax authority is included as part of receivables or payables, respectively, in the balance sheet.

2.12 Income tax

(A) Current tax

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 in respect of taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years.

(B) Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- a) Where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- b) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit and loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent

that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

2.13 Earnings per share

The Company reports basic and diluted earnings per equity share. Basic earnings per equity share have been computed by dividing net profit / loss attributable to the equity share holders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share have been computed by dividing the net profit attributable to the equity share holders after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

2.14 Segment reporting

Since the company has only one segment no separate disclosure is made in this regards.

2.15 Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3 Critical accounting estimates and judgments

In the process of applying the Company's accounting policies, management has made the following estimates and judgments, which have a significant impact on the carrying amounts of assets and liabilities at each balance sheet date.

(A) Gratuity provision

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on management valuation. The valuation involves making various assumptions that may differ from actual developments in the future. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The company has not requested gratuity valuation from a qualified actuary as according to Para 59 of Ind AS 19 it is not mandatory and the management of the company observes that the numbers of employees are quite less.

(B) Expected credit loss

When determining whether the risk of default on a financial instrument has increased significantly since

initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and credit assessment and including forward looking information.

(C) Effective interest rate

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected behavioral life of the financial asset to the gross carrying amount of the financial asset. This estimation, by nature, requires an element of judgment regarding the expected behavior and life-cycle of the instruments, the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges) as well expected changes to the base rate and other transaction costs and fees paid or received that are integral parts of the instrument.

(D) Business model assessment

Classification and measurement of financial assets depends on the results of the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(E) Useful life and expected residual value of assets

Depreciation and amortization is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(F) Deferred Tax

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during

the periods in which those temporary differences become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

(H) Upfront processing fees booked on direct assignment

Processing fees receivable for servicing loan contracts under direct assignment are discounted at the applicable rate entered into with the assignee and recognized upfront in the balance sheet and amortized on a straight line basis over the remaining contractual maturity of the underlying loans.

(I) Provisions and contingences

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in statutory litigation in the ordinary course of the Company's business. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgments are required to conclude on these estimates.
