12. Voting through electronic means

- a. In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, the Company is pleased to provide members facility to exercise their right to vote at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services provided by Central Depository Services (India) Ltd.
- b. The instructions for e-voting are as under:
- (i) The voting period begins on 25th September 2023 at 10:00 A.M. and ends on 27th September 2023 at 05:00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 21st September 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date can attend the meeting; however, they would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO THE SECTION 102 OF THE COMPANIES ACT, 2013**ITEM NO. 7**

In order to broad base the Board, Pursuant to the provisions of Section 149 of the Companies Act, 2013 (“the Act”) read with the Articles of Association of the Company and pursuant to the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at their meeting held on 11th August 2023 approve and recommend the appointment of Ms. Mukesh Jain (DIN: 10276699) as a Non-Executive Independent Director of the Company for a term of five consecutive years w.e.f 28th September, 2023 to 27th September, 2028 for the approval of the Shareholders in the forthcoming annual General Meeting.

The Company has received consent in Form DIR-2 and declaration of independence from the proposed director confirming that she met the criteria of independence as specified in Section 149 (6) of the Act and Regulation 16 (1) (b) the Listing Regulations and that she is not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact his ability to discharge duties with an objective independent judgment and without any external influence. The Board after assessing veracity of the same is of the opinion that she fulfills the conditions for appointment as an Independent Director as specified in the Companies Act, 2013 and Rules made there under and the Listing Regulations and she is independent of the management.

Further, Ms. Mukesh Jain (DIN: 10276699) is not disqualified to act as Director of the Company. She has also given a declaration that she is not debarred from holding the office of Director by virtue of any SEBI order or any other such authority. Further, she has given a declaration that she is in compliance with the Companies (Appointment and Qualification of Directors) Rules, 2014 with respect to her registration with data bank of Independent directors maintained by Indian Institute of Corporate Affairs.

The Board noted Ms. Mukesh Jain skills and experience are aligned with the role and capabilities identified by Nomination and Remuneration Committee. The Board is satisfied that appointment of Ms. Mukesh is justified since she is a well experienced person and having knowledge of accounts and finance. She will provide strategic guidance to the Company with a view to ensuring long-term viability and strength.

The brief profile and other details of Ms. Mukesh Jain (DIN: 10276699) required as per Regulation 36(2) of the Listing Regulations and Secretarial Standard - 2 are provided in Annexure to this Notice.

The letter of appointment setting out the terms and conditions of the said appointment is available for inspection at the Registered Office of the Company on all days except Sundays or Public holidays between 2.00 p.m. to 4.00 p.m. up to the date of the AGM and also at the AGM.

Pursuant to the provisions of Section 149 of the Act read with Schedule IV of the Act and Regulation 25 of LODR Regulations, appointment of Independent Directors shall be approved by the members of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives, except the appointees and their relatives are concerned or interested, financially or otherwise, in the said resolution.

The Board recommends the Special Resolution set out in Item No. 7 of the Notice, for approval of the members of the Company.

ITEM NO. 8

In order to broad base the Board, Pursuant to the provisions of Section 149 of the Companies Act, 2013 (“the Act”) read with the Articles of Association of the Company and pursuant to the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at their meeting held on 11th August 2023 approve and recommend the appointment of Ms. Mona (DIN: 10276671) as a Non-Executive Independent Director of the Company for a term of five consecutive years w.e.f 28th September, 2023 to 27th September, 2028 for the approval of the Shareholders in the forthcoming annual General Meeting.

The Company has received consent in Form DIR-2 and declaration of independence from the proposed director confirming that she met the criteria of independence as specified in Section 149 (6) of the Act and Regulation 16 (1) (b) the Listing Regulations and that she is not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact his ability to discharge duties with an objective independent judgment and without any external influence. The Board after assessing veracity of the same is of the opinion that she fulfills the conditions for appointment as an Independent Director as specified in the Companies Act, 2013 and Rules made there under and the Listing Regulations and she is independent of the management.

Further, Ms. Mona (DIN: 10276671) is not disqualified to act as Director of the Company. She has also given a declaration that she is not debarred from holding the office of Director by virtue of any SEBI order or any other such authority. Further, she has given a declaration that she is in compliance with the Companies (Appointment and Qualification of Directors) Rules, 2014 with respect to her registration with data bank of Independent directors maintained by Indian Institute of Corporate Affairs.

The Board noted Ms. Mona skills and experience are aligned with the role and capabilities identified by Nomination and Remuneration Committee. The Board is satisfied that appointment of Ms. Mona is justified since she is having experience in the area of General Management and Operational Aspects..

The brief profile and other details of Ms. Mona (DIN: 10276671) required as per Regulation 36(2) of the Listing Regulations and Secretarial Standard - 2 are provided in Annexure to this Notice.

The letter of appointment setting out the terms and conditions of the said appointment is available for inspection at the Registered Office of the Company on all days except Sundays or Public holidays between 2.00 p.m. to 4.00 p.m. up to the date of the AGM and also at the AGM.

Pursuant to the provisions of Section 149 of the Act read with Schedule IV of the Act and Regulation 25 of LODR Regulations, appointment of Independent Directors shall be approved by the members of the Company.

None of the Directors and Key Managerial Personnel of the Company and their relatives, except the appointees and their relatives are concerned or interested, financially or otherwise, in the said resolution.

The Board recommends the Special Resolution set out in Item No. 8 of the Notice, for approval of the members of the Company.

ITEM NO. 9

Pursuant to provisions of Section 180(1) (c) of the Companies Act, 2013 if any, the Company can borrow money exceeding its paid-up capital, free reserves and Securities Premium amount, that is to say, reserves not set apart for any specific purpose, only with the approval of the shareholders accorded by way of a special resolution.

REVIEW OF BUSINESS OPERATIONS AND FUTURE PROSPECTS:

During the Financial year 2022-23, turnover of the company for the financial year ended 31.03.2023 is Rs. 9,354.43 Lacs as compared to Rs. 10816.31 Lacs in the last year. The Net Loss after Tax is Rs. 69.12 Lacs as compared to Net Profit after tax of Rs 155.17 Lacs in the last year. The company has suffered loss during the financial year due to increase in manufacturing expenses and decrease in sale price of paper. The company is trying to revive its position. The company is engaged in manufacturing of Kraft Paper. There was no change in the nature of business of company.

FUTURE PROSPECTS

The India Kraft paper market size reached 9.4 Million Tons in 2022. Looking forward, IMARC Group expects the market to reach 15.6 Million Tons by 2028, exhibiting a growth rate (CAGR) of 8.9% during 2023-2028.

Kraft paper refers to a strong paperboard material that is composed of recycled materials or wood pulp produced in the Kraft process. It is widely utilized in numerous packaging applications, including envelopes, bags, sacks, composite cans, pouches, cartons, etc.

The growing usage of compostable and sustainable packaging materials owing to the increasing awareness regarding the detrimental impact of plastic and other non-biodegradable variants is primarily propelling the **growth of the Indian Kraft paper market**. In addition to this, the elevating use of Kraft

paper in gift wrapping, events, weddings, etc., due to its colourful creativity, aesthetic appeal, and textured properties, is also fuelling the market growth. Furthermore, the escalating demand for highly technical saturated Kraft paper in the construction sector to meet unique needs related to countertop, partition, and flooring applications is acting as another significant growth-inducing factor. Apart from this, the expanding utilization of Kraft paper in the e-commerce industry for packaging solutions on account of various associated benefits, such as folding resistance, toughness, and high-strength compression performance, is further augmenting the market growth. Moreover, the rising focus of the Indian government authorities on banning the use of plastics is also creating a positive **outlook for the Kraft paper market** across the country. For instance, in June 2022, the Central Pollution Control Board (CPCB), a federal agency under the Ministry of Environment, issued a list of steps to be taken to prohibit the use of specific single-use plastic products. Numerous other factors, such as the inflating popularity of Kraft paper in the printing and publication sectors and the introduction of advanced packaging solutions, including stand-up pouches, zipper pouches, etc., are anticipated to stimulate the Indian Kraft paper market over the forecasted period.

ANNEXURE TO DIRECTORS REPORT**MANAGEMENT DISCUSSION & ANALYSIS REPORT****OUTLOOK OF PAPER INDUSTRY:**

The Indian paper industry has experienced a significant improvement in operating margins for top 10 listed companies in FY23, driven by a 45 per cent revenue growth and a surge in net realisation. However, the industry showed signs of stabilisation in Q4FY23 due to factors like China's ban on paper waste and supply disruptions from the Russia-Ukraine war.

Looking ahead to FY24, a moderation in top-line and operating margins is anticipated. The Indian paper and paperboard packaging market is projected to grow at a CAGR of 6.6 per cent until 2027. The industry witnessed a rise in sales volumes, higher production, and a remarkable 45 per cent growth in sales revenues in FY23. Supply-demand disruptions led to higher realisations, while imports of raw materials and uncertainty in the industry pose challenges for future growth.

Paper is a versatile and widely-used material made from cellulose fibers, usually derived from wood pulp. It has been an integral part of human society for over two thousand years, with a vast range of applications including writing, printing, packaging, and more.

The importance of paper lies in its ability to convey information and ideas, as well as its convenience and accessibility. Paper is lightweight, easy to transport, and can be produced in large quantities at a relatively low cost. It has played a critical role in the development and dissemination of knowledge, allowing for the spread of ideas and information across vast distances and time periods.

In addition to its communicative and informational properties, paper also has practical applications in everyday life. It is used in packaging for products ranging from food to electronics, providing protection and stability during transportation and storage. Paper products such as tissues and hygiene products are also an essential part of personal care and hygiene.

Overall, paper's versatility and accessibility have made it a fundamental material in modern society. While digital technology has led to a decline in certain paper products, such as newspapers and magazines, it remains a crucial component of many industries and will continue to be so for the foreseeable future.

SCOPE AND DEMAND OF PAPER INDUSTRY IN INDIA

The Paper and Paperboard Packaging market size was worth around US\$ 203 billion in 2021 and is estimated to hit approximately US\$ 243 billion by 2030. Due to a variety of driving factors, the market is predicted to rise at a significant rate.

The global paper and paperboard packaging market is projected to grow owing to increasing strictness adopted by government and international environmental bodies against the use of single-use plastic in the packaging industry compelling market players to opt for more sustainable forms of material to use.

The India kraft paper market size reached 9.4 Million Tons in 2022. Looking forward, IMARC Group expects the market to reach 15.6 Million Tons by 2028, exhibiting a growth rate (CAGR) of 8.9% during 2023-2028.

The growing demand for paperboard packaging in the healthcare segment is expected to help the global market generate high revenue. Some of the most commonly used materials in the pharmaceutical and healthcare sectors are metals and plastics. Since there are growing concerns about using plastics for packaging medicines, providers of paper and paperboard packaging solutions have increased investment in research to develop better solutions using less harmful materials.

Other factors like the reusability of paper packaging may help generate more consumers as the general population has become aware of the direct consequences consumer shopping patterns have on the environment. There is a growing set of people who prefer to shop or purchase products only from companies that support environmental sustainability. Such moves are projected to drive the demand for paper packaging solutions. The food & beverages industry is one of the highest consumers of paper and paperboard for packaging and as the industry grows, the demand will increase.

The growth in the sector is being driven by a surge in e-commerce, food processing, pharmaceuticals, FMCG, the manufacturing industry, and the healthcare sector. The significant upsurge is fuelled by a growing demand for paper-based products, evolving consumer preferences, and increasing emphasis on sustainable packaging solutions. This industry has become a cornerstone of India's manufacturing and logistics sectors, contributing to both domestic consumption and export markets

The growing e-commerce industry may provide growth opportunities while managing paper quality is expected to act as a challenge for the market players.

Firstly, the rapid expansion of the e-commerce sector has created a massive demand for packaging materials such as corrugated boxes, cartons, and envelopes.

As online shopping continues to flourish, the need for safe, durable, and eco-friendly packaging solutions has skyrocketed. This trend has presented significant opportunities for the industry to innovate and cater to the evolving demands of modern consumers.

Furthermore, the increasing awareness about environmental sustainability has driven the shift towards eco-friendly packaging alternatives. With a growing emphasis on reducing plastic waste and carbon emissions, paper-based packaging solutions have gained immense popularity. From recycled paper packaging to biodegradable materials, the Indian paper and packaging industry has been at the forefront of providing sustainable options to meet consumer expectations and comply with regulatory requirements.

Additionally, the rising literacy rates, expanding education sector, and government initiatives promoting education for all have resulted in a surge in demand for paper products. From textbooks and notebooks to stationery and printing papers, the Indian paper industry plays a vital role in supporting the education system and knowledge dissemination. This growing demand for paper-based educational materials has contributed significantly to the industry's expansion.

Auditor's responsibility

Based on audit, our responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS 1 to CSAS 4 ("CSAS") prescribed by the Institute of Company Secretaries of India ("ICSI"). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the CSAS. Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the company and for which we relied on the report of statutory auditor.
4. Where ever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of event etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

Independent Auditor's Report**To the Members of SHAKUMBHRI PULP & PAPER MILLS LIMITED****Report on the Standalone Financial Statements****Opinion**

We have audited the accompanying standalone financial statements of **SHAKUMBHRI PULP & PAPER MILLS LIMITED, MUZAFFARNAGAR** (“the Company”) which comprise the Balance sheet as at **31 March 2023**, the Statement of Profit and Loss including the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone IND AS financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at **31 March 2023**, its loss including other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143 (10) of the act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements' section of our report. We are independent of the company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended **31 March 2023**. These matters were addressed in the context of our audit of the standalone IND AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. During the year under consideration, we have no key audit matters to report.

Information other than the Financial Statements and Auditor's Report thereon:

The company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report 2022-23, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS Financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the standalone Ind AS Financial Statements

The company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these the standalone Ind AS financial statements that give a true and fair view of the Financial Position, Financial Performance including Cash Flows and the Statement of Changes in Equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statement, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these the standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(1) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of sub controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and the communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Report on Other Legal and Regulatory Requirements

- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, the provision of section 135 are not applicable on the company hence, the provisions of clause 3(xx) of the Order is not applicable to the Company.
- (xxi) According to the information and explanations given to us, the company is not required to prepare Consolidate financial statement hence, the provisions of clause 3(xxi) of the Order are not applicable to the Company.

ANNEXURE B TO THE AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (f) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **SHAKUMBHRI PULP & PAPER MILLS LIMITED, MUZAFFARNAGAR** (‘the company’) as of 31 March 2023 in conjunction with our audit of the standalone Ind As financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial

controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Shakumbhri Pulp And Paper Mills Limited

(Amounts in INR Lakhs, unless otherwise stated)

Background

Shakumbhri Pulp & Paper Mills Limited is a company domiciled in India, incorporated on 06 February 1986 with its registered office situated at 4.5 K.M., Bhopa Road, Muzaffarnagar U.P, the company has been incorporated under Indian Companies Act and its equity shares are listed on the Metropolitan Stock Exchange of India." The financial statements are approved for issuance by the company's Board of Directors on 30.05.2023"

Note 1: Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation**(i) Compliance with Ind AS**

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and as amended from time to time and other relevant provisions of the Act.

(ii) Historical Cost Convention

The financial statement have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities are measured at fair value; and
- defined benefit plans and their liabilities are measured at fair value.

(b) Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities as at the date of the financial statements and the reported amount of revenues and expenses during the reporting year. The difference between the actual results and estimates are recognised in the year in which the results are known/materialize.

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalent, the company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

(c) Segment Reporting

The company is engaged in the business of Paper Manufacturing considering the nature of company's business and operations, there are no other reportable segments in accordance with Ind AS 108 'Operating segments' and hence, there are no additional disclosures required.

(d) Foreign Currency Transactions and Translations

Transactions in foreign currencies are initially recorded by the company's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit and loss are also recognised in OCI or profit and loss, respectively).

(e) Financial instruments - initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives use to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Financial assets are measured at amortised cost or fair value through other comprehensive income or fair value through profit and loss depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial categorisation. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively that share similar credit risk characteristics.

Derecognition of financial assets

A financial asset is derecognised only when the company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the group has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial Liabilities

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit and loss is expensed in profit and loss.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit and loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ('EIR') except for those designated in an effective hedging relationship. The carrying value of borrowings that are designated as hedged items in fair value hedges that would otherwise be carried at amortised cost are adjusted to record changes in fair values attributable to the risks that are hedged in effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit and loss over the year of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting year.

De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit and loss as other income or finance costs.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(f) Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting year. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(g) Cash Flow statements

Cash flows are reported using the Indirect Method, where by profit/(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregate based on the available information.

(h) Cash and Cash Equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash and cash equivalents.

(i) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as security premium reserve.

(j) Revenue recognition**Sale of goods**

For sale of goods, revenue is recognised when control of the goods has transferred at a point in time i.e. when the goods have been dispatched to the location of customer. Following dispatch, the customer has full discretion over the responsibility, manner of distribution, price to sell the goods and bears the risks of obsolescence and loss in relation to the goods. A receivable is recognised by the Company when the goods are dispatched to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due. Payment is due within 30-90 days. The Company considers the effects of variable consideration, non-cash consideration, and consideration payable to the customer (if any).

Interest income

Interest income from financial instrument is recognised using the effective interest rate (EIR) method. EIR is the rate which exactly discounts the estimated future cash receipts over the expected life of the financial instrument to the gross carrying amount of the financial asset. When calculating the EIR the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayments, extensions, call and similar options) but does not consider the expected credit losses.

Dividend income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established provided that it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably.

Variable consideration

If the consideration in a contract includes a variable amount, estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. The company recognizes changes in the estimated amount of variable consideration in the period in which the change occurs. Some contracts for the sale of goods provide customers with volume rebates and pricing incentives, which give rise to variable consideration.

Rebates are offset against amounts payable by the customer. To estimate the variable consideration for the expected future rebates, the company applies the most likely amount method for contracts with a single-volume threshold. The selected method that best predicts the amount of variable consideration is primarily driven by the number of volume thresholds contained in the contract. The company then applies the requirements on constraining estimates of variable consideration and recognises a refund liability for the expected future rebates.

Contract balances**Trade receivables**

A receivable represents the company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policy (n).

Contract liabilities (which the company refer to as advance from customer)

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the company performs under the contract.

The Company presents revenues net of indirect taxes in its Statement of Profit and Loss.

Cost to obtain a contract

The company pays sales commission to its selling agents for each contract that they obtain for the company. The company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediately expense sales commissions (included in 'commission on sales' under other expenses) because the amortization period of the asset that the company otherwise would have used is one year or less.

Costs to fulfil a contract i.e. freight, insurance and other selling expenses are recognized as an expense in the period in which related revenue is recognised.

Financing components

The company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the company does not adjust any of the transaction prices for the time value of money.

(k) Provisions, contingent liabilities and assets

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are disclosed where an inflow of an economic benefit is probable.

(l) Earning Per Share

Basic and diluted earnings per share are calculated by dividing the net profit or loss for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

(m) Taxation

Provision for tax consists of current tax and deferred tax. Current tax provision is computed for current income based on the tax liability after considering allowances and exemptions. Deferred tax assets and liabilities are computed on the basis of timing differences at the Balance Sheet date between the carrying amount of assets and liabilities and their respective tax basis. Deferred tax assets are recognized based on management estimates of available future taxable income and assessing its certainty.

(i) Current Income Tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

(ii) Deferred Tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period.

Ind AS 12, "Income Taxes" requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12, has resulted in recognition of deferred tax on new temporary differences, which was not required under Indian GAAP, if applicable.

In addition, the various transitional adjustments lead to additional temporary differences. According to the accounting policies, the Company has to account for such differences. Tax impact on Deferred tax adjustments are recognized in reserves for opening balance sheet and statement of profit and loss in subsequent years.

(iii) GST paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of GST paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognized as part of the cost of acquisition of the assets or as part of the expenses item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

(n) Trade Receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(o) Inventories

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the later being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the basis of weighted average method/first-in first-out basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(p) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

(ii) Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term.

The useful lives have been determined as per those specified by Schedule II to the Companies Act; 2013. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

(q) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are de-recognized in the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(r) Borrowings costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

(s) Employee benefits**(i) Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Post-employment obligations

The group operates the following post-employment schemes:

- (a) defined benefit plan viz. gratuity; and
- (b) defined contribution plans such as provident fund.

(a) Defined benefit plan

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than INR, the cash flows are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(b) Defined contribution plans

The group pays provident fund contributions to publicly administered provident funds as per local regulations. The group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(t) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Note 2: CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The company makes estimates and judgments that affect the reporting amounts of assets and liabilities within the next year. Estimates and judgments are continually evaluated and are based on historical experience and other factor, including expectations of future events that are believed to be reasonable under the circumstance.

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Estimation of current tax expense and payable – **Note 24**

Estimation of defined benefit obligation – **Note 34**

Recognition of deferred tax liabilities – **Note 18**

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the group and that are believed to be reasonable under the circumstances.

Recent accounting developments

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2015, by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, which are applicable for annual reporting periods beginning from April 01, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect to have any significant impact on its financial statement.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment will help entities to distinguish between accounting policies and accounting estimates. The definition of change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are 'monetary amounts in financial statements that are subject to measurement uncertainty.' The Company does not expect to have any significant impact on its financial statement.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of recognition exemption so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company does not expect to have any significant impact on its financial statement.

Ind AS 109 - Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Other amendments

Other amendments include amendments in Ind AS 102, Share-based Payments, Ind AS 103, Business Combination, Ind AS 109, Financial Instruments, Ind AS 115, Revenue from contract with customers are mainly editorial in nature in order to provide better clarification of respective Ind AS. The Company does not expect to have any significant impact on its financials statements.

34 Employee benefit obligations

a) Defined contribution plan

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The Company has no obligation, other than the contribution payable to the provident fund.

The Company has recognised the following amounts in the Statement of Profit and Loss for the year: (Refer Note- 30)

Particulars	2022-23	2021-22
Contribution to provident & other fund	13.22	13.00
Total	13.22	13.00

b) Defined benefit plan

Gratuity is payable to eligible employees as per the company's policy and The Payment of Gratuity Act, 1972. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit (PUC) method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligations.

Liability with respect to the gratuity is determined based on an actuarial valuation done by an independent actuary at the year end and is charged to Statement of Profit and Loss.

Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognized immediately in the other comprehensive income as income or expense.

Other disclosures required under Indian Accounting Standards 19 "Employee benefits" are given below:

Closing defined benefit obligation

Since the entire amount of plan obligation is unfunded therefore changes in fair value of plan assets, categories of plan assets as a percentage of the fair value of total plan assets and company's expected contribution to the plan assets for the next year is not given.

The principal assumptions used in determining gratuity obligation

	For the year ended 31 March 2023	For the year ended 31 March 2022
Discount rate	7.20%	7.25%
Salary escalation	8.00%	8.00%
Rate of employee turnover	2.00%	2.00%
Retirement age	60 Years	
Mortality table	100% of IALM (2012-2014)	
Average withdrawal rate	Withdrawal Rate	Withdrawal Rate
a) Upto 25 years	5.00%	5.00%
b) From 26 to 35 years	3.00%	3.00%
b) From 36 to 45 years	2.00%	2.00%
c) Above 45 years	1.00%	1.00%

The estimates of future salary considered in actuarial valuation take account of inflation, total amount of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The Company regularly assesses these assumptions with the projected long-term plans and prevalent industry standards. The impact of sensitivity due to changes in the significant actuarial assumptions on the defined benefit obligation is given in the table below.

Particulars	Change in assumptions	For the year ended 31 March 2023	For the year ended 31 March 2022
Defined benefit obligation based on current assumptions		52.49	48.44
Discount rate	+0.50%	2.16	1.96
	-0.50%	1.99	(2.13)
Salary escalation	+0.50%	(1.48)	(1.58)
	-0.50%	1.22	1.33
Employee Turnover	+1%	-	-
	-1%	-	-

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Projected plan cash flows:

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date

Risk analysis

The company is exposed to a number of risks in the defined benefit plans. Most significant risks pertaining to defined benefit plans and management estimation of the impact of these risks are as follows :

Inflation risk

Currently the company has not funded the defined benefit plans. Therefore, the company, will have to bear the entire increases in liability on account of inflation.

Longevity risk/life expectancy

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increases in the salary of the plan participant will increase the plan liability.

Financial Instruments-Fair value hierarchy

The company categorizes financial assets and financial liabilities measured at fair value into one of three level depending on the ability to observe inputs employed in their measurement which are described as follows:

- i) Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities
- ii) Level 2 Inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the financial asset or financial liabilities.
- iii) Level 3 Inputs are unobservable input for the assets or liability reflecting the significant modifications to observable related market data or company's assumptions about pricing by market participants.

The following table provides the fair value measurement hierarchy to the financial assets and financial liabilities of the Company :-

44 Capital management**(a) Risk management**

The Company's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide return for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the company monitors capital on the basis of the followings gearing ratio:

Net debt (total borrowings net of cash and cash equivalents)
divided by

Shakumbhri Pulp And Paper Mills Limited

(Amounts in INR Lakhs, unless otherwise stated)

Total 'equity' (as shown in the balance sheet, including non-controlling interests)

The company's gearing ratio were as follows:

Particular	As at 31 March 2023	As at 31 March 2022
Net debt	1,525.18	887.49
Total equity	1,198.26	1262.70
Net debt to equity ratio	127.28%	70.29%

In order to achieve this overall objective, the company's capital management amongst other things, aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowing that define capital structure requirement. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.
