Annexure – I**MANAGEMENT DISCUSSION AND ANALYSIS****Indian Economy Overview:**

India's economy remained on a steady growth path in FY 2024-25, demonstrating resilience amid global headwinds and geopolitical uncertainties. As per the first advance estimates released by the Ministry of Statistics & Programme Implementation (MoSPI), real GDP is projected to grow by 6.4 percent for the year, reaffirming India's status as one of the fastest-growing major economies globally..

The industrial sector recorded a growth of 6.2 percent, led by infrastructure and construction activities. India's Manufacturing PMI remained in expansion, and outlook surveys by the RBI indicate improving order books and business sentiment in upcoming quarters. Exports grew by 5.6 percent in H1 FY25, while imports remained largely flat.

Importantly, India's growth has been supported by macroeconomic stability, with controlled inflation, a manageable fiscal position, and a stable balance of payments. These factors have contributed to building resilience in the domestic economy and bolstering investor confidence.

At Deepjyoti Textiles, we continue to monitor these developments closely. While several economic uncertainties remain, opportunities are emerging and we well positioned to capture these.

Textile industry:

The global textile industry had grown consistently since CY2018, barring CY2020, which saw a decline due to Covid-19. The growth has continued and the global textile market size attained a value of around USD 988 Billion in 2024. Going ahead, the industry is expected to grow by around 3-4 percent driven by increasing demand from the apparel industry, newer trends in fast fashion segment coupled with the growth of e-commerce platforms. However, the industry may face challenges due to ongoing tariff situation.

India is the second largest producer of cotton globally, which provides a significant competitive advantage.

For the Indian economy, the textile sector is one of the critical sectors being the second largest provider of employment, after agriculture. It provides employment to approx. 45 million people directly and to another 60 million indirectly through allied activities.

The textile industry in India is diversified with handwoven and hand spun textile at one end and sophisticated textile mills on the other end of the spectrum. Presence of players across the value chain starting from production of raw material to production of yarn, fabric and garments in the country makes the Indian textile industry well placed at a global level.

Between fiscals 2019 to fiscal 2024, the total Indian textile and apparel industry had grown at a CAGR of 4.5 percent. Within the total industry, the domestic Indian textile and apparel industry had grown at a higher pace of 5.8 percent, while exports have grown at a CAGR of 2.1 percent.

The ongoing tariffs imposed by the USA will have consequences on the Indian textile industry as it creates uncertainty and volatility for the business and may adversely impact the India's GDP growth, decline in export volumes and export revenue and supply chain disruptions. However, India has a competitive advantage due to higher tariffs imposed on other competing countries in the textile sector.

Opportunity and Concerns:

To maintain a sustainable and resilient business, we have adopted several key principles. These principles include cash conversion, in-depth knowledge of the cotton market, supply chain resilience, Value added processes, innovation, and a strong focus on customer satisfaction. These principles serve as critical enablers that set us apart from our competitors and contribute to our ability to sustainably grow and prosper in the future.

Internal Controls and Risk Management:

The Company has received a legacy of well-established framework of internal controls of the businesses and operations. The Company has adequate monitoring procedures and has appointed competent personnel to safeguard its assets, protect loss from unauthorized use or disposition ensuring reliably authorized, accurately recorded and transparently reported transactions. Establishment of highly efficient management information and reporting systems combined with robust corporate policies form the overall control mechanisms.

Changes in Key Financial Ratios:

Pursuant to provisions of Regulation 34 (3) of SEBI (LODR) Regulation, 2015 read with Schedule V part B(1) details of changes in Key Financial Ratios is given hereunder:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rule, 2015, as amended, and other accounting principles generally accepted in India. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of **Deepjyoti Textiles Limited** ('the Company') as of 31st March, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper Management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

DEEPJYOTI TEXTILES LIMITED**Notes to financial statement for the year ended March 31, 2025****1. Corporate Information:**

Deepjyoti Textiles Limited ('the Company') is a public Limited Company incorporated under the provisions of the Indian Companies Act, 1956. Its shares are listed on Metropolitan Stock Exchange of India. The Company is engaged in trading of yarn and Derivatives.

2. Significant accounting policies:**2.1. Statement of Compliance**

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) and the relevant provisions of the Companies Act, 2013 (the "Act") (to the extent notified) and the guidelines issued by the Securities Exchange Board of India ("SEBI") to the extent applicable. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

2.2. Basis of preparation and presentation

The Company prepared its Financial Statements to comply in all material aspects except wherever otherwise stated and presented under the historical cost convention, on the accrual basis of accounting except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial assets and liabilities measured at fair value
- Assets held for sale – measured at lower of carrying amount or fair value less cost to sell

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

The Financial Statements comprising Balance Sheet, Statement of Profit and Loss, Statement of Change in Equity, Cash Flow Statements together with the Notes for the year ended March 31, 2025, have been prepared in accordance with Ind AS, unless otherwise stated. The accounting policies have been consistently applied by the Company.

The financial statements are presented in Indian Rupees (Rs.) which is Company's presentation and functional currency, and all values are rounded to the nearest Lakhs (up to two decimals) except where otherwise indicated.

Material prior period items are rectified retrospectively unless impracticable.

2.3 Use of Estimate

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets & liabilities, income & expenses, and the disclosures of contingent liabilities on the date of financial statements during the reporting period. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in the current and future periods.

2.4 Revenue Recognition

- (a) Revenue from sale of goods is recognized upon transfer of all significant risks and rewards of ownership to the buyer which generally corresponds with the dispatch/delivery of goods to buyers based on the terms of the contract. The amount recorded as sale is exclusive of discounts, net of returns and applicable taxes. All

other income has been accounted for on accrual basis except for those entailing recognition on realization based. All expenses are provided on accrual basis unless stated otherwise.

- (b) Revenue from Trading in Derivatives has been recognized on the basis on the mark-to-market gain/loss as per the statement of the Demat account on actual basis.
- (c) Income from interest is being accounted for on time proportion basis considering the amount outstanding and Interest Rate. Interest income is included under the head "Other Income" in the statement of profit and loss.
- (d) Dividend Income is recognized When the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.
- (e) Net gain on Fair value changes
Any differences between the fair values of financial assets classified as fair value through the profit or loss held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

2.5 Financial instruments

(i) Financial Assets

Initial Recognition and Measurement

All financial assets are recognised initially at fair value, plus in the case of financial assets not recognized at fair value through profit and loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at Amortized Cost.
- Debt instruments at Fair Value Through Other Comprehensive Income (FVTOCI) or Fair Value Through Profit or Loss (FVTPL).
- Equity Instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI) or Fair Value Through Profit or Loss (FVTPL).
- Equity instruments measured at Cost.

Debt Instruments at Amortized Cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified date to cash flows that are solely payments of principal and interest (SPPI) on the outstanding principal amount.

After initial measurement, financial assets are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of Profit or Loss. The losses arising from impairment are recognized in the Statement of Profit or Loss.

Debt Instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

Equity Instruments measured at FVTOCI or FVTPL

All equity investments in scope of Ind-AS 109 are measured at Fair Value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and loss statement.

Equity Instruments measured at Cost

Equity instruments / Investments in subsidiaries / Joint Venture/Associates are accounted at cost less accumulated impairment loss in accordance with Ind AS 27.

Derecognition

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of Financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a financial assets or a group of Financial assets is impaired. A financial asset or a group of financial assets, is deemed to be impaired if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

(ii) Financial Liabilities

Financial liabilities are classified as either Financial Liabilities at fair value through profit or loss or "Other Financial Liabilities

- (a) Financial liabilities are classified as "Financial Liabilities at fair value through profit or loss if they are held for trading or if they are designated as financial liabilities at fair value through profit or loss. These are measured initially at fair value with subsequent changes recognized in Profit or Loss. Fair value is determined as per IND AS 113 'Fair Value Measurement.
- (b) Other financial liabilities, including loans and borrowing, are Initially measured at fair value. net of directly attributable transaction costs. Subsequent to initial recognition, these are measured at amortized cost using the EIR method.

(iii) Derecognition of Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

(iv) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.6 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to initial recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. The cost of an item of property, plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the same item will flow to the company and the cost of the item can be measured reliably. The cost includes the purchase price and any directly attributable cost of bringing the asset to its working condition and location for its intended use. All other repair and maintenance costs are recognized in the Statement of Profit or Loss as incurred.

Depreciation on tangible assets is provided in accordance with Ind AS 16 with useful life as prescribed in Schedule II of the Companies Act, 2013.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. The carrying amount of those components which have been separately recognised as assets is derecognised at the time of replacement thereof. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.7 Inventory

Inventories are valued at lower of cost or market value. The cost of inventories includes all cost of purchases and other related cost incurred to bring the inventories to its present location and condition.

2.8 Taxation

Tax expense comprises current income tax, deferred tax. Current income tax comprises the amount of tax for the period determined in accordance with the Income-tax Act, 1961. Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or

substantively enacted at the reporting date. Deferred tax items are recognized in co-relation to the underlying transaction in the Statement of Profit and Loss. Deferred tax assets and Deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities.

Tax adjustments for earlier years are the adjustments related to short or excess provision of taxes of the earlier years.

2.9 Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that any asset may be impaired. If any such indication exists, the carrying value of such asset is reduced to its recoverable amount and the impairment loss is charged to profit and loss account. If at the Balance Sheet date there is any deduction that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to the affect.

2.10 Earnings per Share (EPS)

The Company reports basic and diluted earnings EPS in accordance with Ind AS 33. In determining Basic EPS is computed by dividing net profit/loss after tax for the year attributable to equity shareholders by the weighted average number of shares outstanding during the year, Diluted EPS is computed using weighted average number of shares after adjusting the effects of all dilutive potential equity shares outstanding during the year.

2.11 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.
