- 9 The auditor in their review report on the consolidated financial result for the quarter ended June 30, 2020 expressed below qualification which is summarized along with the Group's comments on the same:  
The Holding Company continues to prepare its Standalone Financial Result on going concern basis even though it has continued to incur significant losses during the current and preceding periods. As advised, the Company is adequately capitalised, it has gone live on interoperability, operations are functioning appropriately and gross revenue are expected to increase in future years and accordingly the Company continues to prepare its Financial Result on going concern basis. However, the business volumes are not sufficient and there is no clarity on increasing revenue & making profits and the Company could not achieve its projected revenues so far. The management has also considered the GST Credit available amounting to Rs. 4,153 Lakh and MAT Credit Entitlement amounting to Rs.186 Lakh as recoverable treating the company as going concern. We are unable to comment on the preparation of accounts on going concern basis and not making provisions / impairment for the above and the adjustments, if any, that will be arising out of the same.  
The Company is adequately capitalized, the regulatory net worth of the company as on June 30, 2020 stands at Rs. 182 crore as against minimum regulatory requirement of Rs. 100 crore. Further, the Exchange has also gone live on regulatory requirement like interoperability and Exchange's operations are running smoothly & appropriately.  
Apart from this Exchange is taking various new initiatives which will help the Exchange in creating volumes and revenue. accordingly the company continues to prepare its Financial Statements on going concern basis. The management also believes for recovery of GST & MAT credit available to it in future years.
- 10 Previous quarter's figures has been re-grouped, re-arranged, re-classified and restated wherever necessary, to make them comparable with those of the current quarter's classification / disclosure.
