First of such program would be held in Delhi on June 5, 2015. It will be conducted country-wide this FY. As of today we are doing Investor Awareness programmes with members and their clients.	The Board noted the same.
The Exchange should plan to introduce more products with key focus on currency futures.	The Exchange is exploring the ideas with respect to new products.	The Board noted the same.
The Exchange shall concentrate on increasing member's participation including banks.	We are constantly endeavoring to add new banks to the list of active trading members. The number of banks actively trading day to day has seen a rising trend this year.	The Board noted the same.
The Exchange should have more focus to attract retails investors and large corporate houses in IRF	The knowledge base on IRF among members and investors is low. We have lined up presentations with members and their dealers and also their clients. In our meeting with corporates, the Exchange officials are also pushing IRF.	The Board noted the same.
