

ADVICE TO AUTO INDUSTRY

'Don't be cost-centric, focus on quality'

FE BUREAU
Chennai, November 23

UNION ROAD TRANSPORT and highways minister Nitin Gadkari on Monday asked the auto component industry to refrain from a cost-centric approach and instead focus on the quality of the products on the lines of international manufacturing standards.

The minister also asked the automobile industry to encourage setting up of local ancillary industry, which will reduce dependence on the imports.

"Quality is important. You should understand the

approach of the consumer now; they need good quality," the ministers said.

He said the government is aiming at creating core global competencies in India by facilitating seamless integration of the automotive industry with the world. The government is trying to create an ecosystem to accelerate the uptake of electric vehicles in the country.

Addressing a virtual conference at Auto Serve 2020 on the theme of 'Seizing opportunities in the new normal', Gadkari asked the auto industry to work jointly towards achieving a broader national agenda of

reducing pollution.

He elaborated on the steps taken to promote electric vehicles, such as reducing GST to 5% and allowing delinking of battery cost of two- and three-wheelers from vehicle cost as it remains unpaid or unclaimed for a period of 7 (seven) years will also be transferred to the IEPF Authority in February, 2021.

cost. The battery charging ecosystem is very important and the government is planning to set up at least one electric vehicle charging kiosk at around 69,000 petrol pumps across the country, he said.

Gadkari also said, "The government is also working towards making India a global automobile manufacturing hub in the next five years. This is my dream. This will also contribute in fulfilling the Prime Minister's vision of Atmanirbhar Bharat."

He said this goal is attainable as the auto industry has made significant strides in terms of development of designs and

models, robust R&D, huge market, stable government framework and bright and young engineering minds. India is already the largest manufacturer of two-wheelers in the world, he added.

The government has earmarked over ₹51,000 crore for this sector under the production-linked incentive (PLI) scheme, the highest amongst the 10 champion sectors. He also said there is a huge requirement of about 25 million skilled jobs in the automobile sector in the near future. This industry is going to create the maximum jobs and growth, he said.
