NBCC charts out expansion plans

FE BUREAU New Delhi, November 22

STATE-RUN CONSTRUCTION company NBCC (India) has firmed up aggressive expansion plans, under which it will increase its presence in smartcity and aviation projects and accelerate redevelopment of assorted government properties and monetisation of its own land assets. With a target to secure new orders worth ₹6,500 crore in the current financial year, the company is also set to expand its footprint in foreign markets manifold, by exploring opportunities in countries like

Saudi Arabia, Malaysia, Sey-

chelles and Mauritius. Chairman and managing director PK Gupta said the zerodebt company's growth area will continue project management consultancy (PMC), which currently accounts for 93% of its revenue. The company, he said, is putting emphasis on faster execution of projects by adopting top-down suspended construction (as for ITPO, New Delhi), light gauge steel frame structure, pre-engineered building and composite steel frame techniques. "Overseas expansion is being pursued in a serious manner. We have recently secured a \$130 million project

in Maldives," Gupta said. "Given the rapid changes in the construction industry, we are entering new areas in India and abroad under the PMC segment. Besides, we are also keen to expand our EPC and real estate portfolios," Gupta said. Development of the company's own land parcels in cities like

PK Gupta, NBCC chairman & managing director

Coimbatore and Jaipur is also a potential profit area, he added.

Stating that the mandate given to NBCC by the Supreme Court to develop and complete Amrapali group's stalled projects in Noida and Greater Noida is "going as per our commercial objectives", the CMD said NBCC is being paid PMC fees of 8% (of actual project cost) and an additional 1% marketing fees for sale of unsold inventories.

NBCC reported net profit of ₹182.85 crore in FY22 while revenue from operations stood at ₹5,546.61 crore. Although execution of projects got stuck during the pandemic, the company had posted net profit of ₹201.74 crore in FY21 on revenue of ₹4,947.45 crore. Its net profits stood at ₹99.44 crore in Q2FY23 while the previous quarter saw loss of ₹13.2 crore.

He said NBCC is insulated from issues of recovering funds from home-buyers or disposing of unsold inventories, as it is only a PMC operator.

Gupta added that a dedi-

INDIA IS LIKELY to become a \$40 trillion economy by 2047 – a 13-fold jump from its current size — driven primarily by a clean energy revolution and digitalisation, billionaire Mukesh Ambani said on Tuesday.

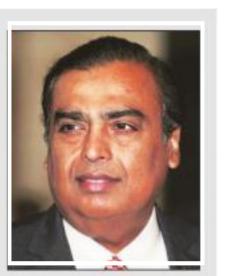

PRESS TRUST OF INDIA

Gandhinagar, November 22

Ambani's estimate for the Indian economy, currently the fifth largest in the world behind only the US, China, Japan and Germany, is more optimistic than Asia's richest man Gautam Adani, who last week said India will become a \$30 trillion economy by 2050 $on \, back \, of \, rising \, consumption \,$ and socio-economic reforms.

"From a three trillion-dollar economy, India will grow to become a 40-trillion-dollar economy by 2047, ranking among the top three economies of the world," Ambani said at the 10th convocation of Pandit Deendayal Energy University here. As the 'Amrit Kaal' — the

period between now and 2047 when India will be celebrating 100 years of Independence unfolds, the country will witness an unprecedented explosion in economic growth and opportunities, he asserted.

(Tata group chief N Chandrasekaran) is a true inspiration to the business community and the youth of India ... he has scripted

Tata Group's spectacular growth in recent years **MUKESH AMBANI RIL CHAIRMAN**

"Three game-changing revolutions will govern India's growth in the decades ahead," he said. "The clean energy revolution, the bio-energy revolution and the digital revolution." Ambani's oil-to-telecom conglomerate Reliance Industries has a finger in each of the pies as it invests billions of dollars in creating a clean energy value chain from solar panels to hydrogen. His Jio disrupted the telecom sector, offering free voice calls and dirt-cheap data which was a catalyst in bringing about the digital revolution in the country.

Economy to grow 13-fold by 2047: Ambani

"While the clean energy revolution and the bio-energy revolution will produce energy sustainably, the digital revolution will enable us to consume energy efficiently," Ambani said. "All three revolutions will together help India and the world save our beautiful planet from the climate crisis." To the students, he gave

three mantras of success think big, think green and think digital. "Be an audacious dreamer. Every great thing ever built in this world was once a dream thought to be impossible. You have to own your dream with courage, nurture it with conviction and realise it with bold and disciplined action. It is the only way you can make the impossible possible," he said.

He asked students to be sensitive to Mother Nature, inventing means to harvest its energy without harming it.

India can lead green energy transition, says Tata Sons chief

Tata Sons chairperson N Chandrasekaran confers a degree to a student during the convocation ceremony of Pandit Deendayal Energy University, in Gandhinagar on Tuesday PTI

TATA GROUP CHAIRMAN Natarajan Chandrasekaran on Tuesday said transition to a cleaner and greener energy is an imperative that no one can wish away and India is well-placed to lead the change. He said technological advancements have already made and should continue to make such energy tran-

sitions more affordable. The future of any business or industry, consumer facing or not, will be data-driven, he said.

"The pressure to shift to green/renewable energy only will increase going forward and the transition to cleaner energy is irreversible. But we need more and newer and cleaner energy so that it becomes more affordable We need to have hydrogenbased energy, electric batteries, storage systems, technology to reuse of industrial waste etc..., he told students of the Pandit Deendayal Energy University in Gandhinagar.

BCAS revokes Jet Airways' security training status

SWARAJ BAGGONKAR Mumbai, November 22

THE BUREAU OF Civil Aviation Security (BCAS) has revoked the aviation security training institute (ASTI) status of Jet Airways for non-compliance. Following a stand-off with the company's lenders, the airline's new promoters, Jalan-Kalrock Consortium (JKC), are yet to assume

ownership of the ailing airline, leading to the revocation.

A spokesperson for JKC said, "Having received the revalidated Air Operator Certificate of JetAirways in May 2022, we had sought the cooperation and approval of the BCAS to move the Jet Airways Aviation Security Training Institute (ASTI) to a newlocation in Gurugram, once the appropriate real estate for it

has been identified in due course of time." Most airlines in India have BCAS-approved ASTIs which conduct security

training for its staff, cockpit and no relation to the revival or recabin crew and other personnel launch of Jet Airways. Upon the at various airports.

The JKC spokesperson said upon the transfer of ownership of Jet Airways, the company will seek fresh approvals for a new

ASTI infrastructural set-up. "We had voluntarily surrendered the ASTIs of Jet 1.0. We confirm that the strategic decision to surrender the ASTI has

transfer of ownership of Jet Airways to JKC, the security function will be reactivated and fresh approvals shall be sought for the new infrastructural set-up. It should be further noted that having an in-house ASTI is a choice made by airlines, and it is not a mandatory requirement," the spokesperson said.

Licious has been diversifying into other categories to widen its revenue sources. Last year, it entered the ready-to-eat meat category and was operational in 25 cities.
